REPORT TO: OVERVIEW AND SCRUTINY COMMITTEE

DATE: 22 JUNE 2017

REPORT OF THE: RESOURCES AND ENABLING SERVICES LEAD

**PETER JOHNSON** 

TITLE OF REPORT: ATTENDANCE AT POLICY COMMITTEES

WARDS AFFECTED: ALL

#### **EXECUTIVE SUMMARY**

#### 1.0 PURPOSE OF REPORT

1.1 To provide Members with a draft rota for attendance to observe at policy committee meetings and to agree guidance to assist this process.

#### 2.0 RECOMMENDATION

2.1 It is recommended that Members agree the rota for attendance at Policy Committees.

#### 3.0 INTRODUCTION

- 3.1 One of the key legislative roles of the Committee is holding the Executive to account. In Ryedale's case this means examining the policy committees minutes and forward plans in detail and using call-in or other mechanisms to comment or intervene in the decision making process. In order to be effective in this it has been previously agreed that Members of the Committee would take turns to attend both the Policy and Resources Committee and, when policy decisions are being made, the Planning Committee for the purposes of observation. Subsequently, Full Council agreed that this be an approved duty for Members of this Committee.
- 3.2 Draft guidance and a checklist is attached at Annex A to assist Members in undertaking this responsibility.
- 3.3 Attached at Annex B is a draft rota for Members consideration.

#### 4.0 CONCLUSION

4.1 Members have previously agreed a rota for attendance at policy committees. Guidance and an accompanying checklist have been produced to help Members with this important process.

**ANNEX A** 

#### **Guidance for Members observing at a policy committee**

This note sets out details of the issues that should be considered when observing. A simple checklist is appended at Appendix A.

#### The Role of the Committee

The Committee has a number of complimentary roles, being both the Scrutiny Committee, the Audit Committee, the Standards Committee and the Crime and Disorder overview and Scrutiny Committee for Ryedale District Council.

The Committee undertakes its work by:

- Scrutinising the decisions made by other committees and using the ability to 'callin' a decision of a committee of the Council and refer it back if necessary for reconsideration;
- Scrutinising the performance and effect of council services and policies by receiving internal and external audit reports, reports on the Council's counter fraud work, monitoring and reviewing the statement on internal control, examining our approach to the minimization and control of risk, and examining progress on our improvement plans;
- Undertaking and instigating reviews of existing policy and the development of new policy;
- Monitoring service performance, through the performance management framework and customer complaints, and considering the outcomes of Best Value and other reviews.

Together this enables the Committee to focus on the improvement of services: considering in-depth major issues, examining other areas of the work of the Council or of other local and national agencies, highlighting when things are going wrong and seeking action to address this in the most effective way.

#### Decision-making and call-in

The main purpose of observing at policy committee meetings is to consider whether or not decision-making has complied with the Council's Constitution. All decisions of the Council will be made in accordance with the following principles:

- (a) the rule of law:
- (b) clarity of aims and desired outcomes.
- (c) proportionality (i.e. the action must be proportionate to the desired outcome);
- (d) due consultation and the taking of professional advice from officers and/or appropriately qualified consultants;
- (e) respect for human rights (see below for further details); and
- (f) a presumption in favour of openness.

If Members consider that one of more of these rules have been breached then the decision may be 'called-in'. To call in a decision a proforma, attached at Appendix B, must be completed with the reasons for the call-in clearly stated. It must be signed by either the Chairman or three Members of the Committee and must be handed to the proper officer within 10 working days of the publication of the decisions of the meeting. The Overview and Scrutiny Committee then meets within a further 10 working days of the decision to call-in. Members may request the attendance of relevant officers or Members to answer any questions that they may have. The Committee can then refer the matter back to the decision-making committee, setting out in writing the nature of its concerns or refer the matter to Full Council. If referred

back to the decision-making committee, a meeting will be convened to reconsider the decision within a further 10 working days.

Further details can be found in the Council Constitution on page 116.

At the heart of the Overview and Scrutiny Committees work should be the consideration of what impact the Policy Committees decisions, plans and policies have on the communities of Ryedale. If the Committee considers the decisions made will have an adverse affect they have a duty to say so and suggest improvements.

Members of Overview and Scrutiny Committees should also make efforts to identify issues of concern to the residents of Ryedale and where the Committee agrees, instigate a Scrutiny review.

**General Framework for Scrutiny:** 

| General Framework for Scrutiny: |   |   |  |  |  |  |  |  |
|---------------------------------|---|---|--|--|--|--|--|--|
| Function                        | Scope   | How delivered:  |  |  |  |  |  |  |
| Democracy and<br>Governance     | Local democracy and the achievement of effective, transparent and accountable decision making by the Council.   | The Call in function and involvement in Policy Review Review of the Statement of Internal Control   |  |  |  |  |  |  |
| Lifelong learning and culture   | The provision, planning and management of education, training and Culture in the District in so far as the Council is responsible for this.   |   |  |  |  |  |  |  |
| Public Accounts                 | The Councils budget, the management of its budget, capital, revenue borrowing and assets and its audit arrangements.  | Review of the relevant documents.   |  |  |  |  |  |  |
| Regeneration and Housing        | The physical, social and economic environment and regeneration of the Ryedale District; enabling the provision, planning and management of its housing and the rural and built environment.             | Review of the Housing<br>Strategy and Capital<br>Strategy.  |  |  |  |  |  |  |
| Services                        | The provision, planning, management and performance of Council services, including support services, the community plan and any other Council functions not otherwise addressed by any other Committee. | Review of the Performance Management framework on a quarterly basis and the review of policy documents. Their involvement in VFM processes. |  |  |  |  |  |  |
| Social Inclusion                | Policies and Strategies of the Council and other bodies which affect the economic, social and political resources available to individuals to enable them to participate fully in Society.              | Review of the Community<br>Plan and budget/capital<br>strategy. The money<br>should follow the priorities.                                  |  |  |  |  |  |  |

#### Appendix A - Checklist

- 1. Review decision-making and consider call-in
- 2. Consider the effect of policy decisions on the community have the intended policy outcomes been achieved?

Also consider against the implementation of the Council's Equalities Scheme, which is:

- To work towards the elimination of discrimination (either direct or indirect) and harassment
- To ensure that members and officers work towards mainstreaming equality of opportunity across all policies and functions
- To ensure equality, equity and consistency in working practices and conditions
- To ensure that the workforce represents the wider community of the District
- 3. Identify areas for future policy investigation
- 4. Identify any issues arising from the strategies and plans of the Council:
  - Corporate Plan
  - Medium Term Financial Plan
  - Capital Strategy
  - Asset Management Plan
  - Crime and Disorder Strategy
  - Housing Strategy
- 5. Budget issues: capital programme, revenue budgets, borrowing, assets
- 6. Performance issues
- 7. Value for Money issues
- 8. Management issues
- 9. Audit and Governance issues
- 10. Environmental issues

| Scrutiny Review of the Councils Role in Flood Management consi   | dered by Council on 8 December 2016 - <u>link to final report</u>   |
| Recommendations as agreed by Council   |   |
| 1. That RDC commits £12,000 funding (up to a maximum of 20%) to resource a project manager to progress delivery of the Malton, Norton and Old Malton Flood Study project and drive partnership working, and seeks match funding from the partners of the Malton and Norton Project Group | The Malton, Norton and Old Malton Project Team meets as part of the ongoing commitment to deliver outcomes to the community as responsible flood risk management authorities. NYCC have commissioned consultants to make progress with the MN and OM flood study which may identify the need for additional PM support. |

| 2. RDC commits £2.5k (20%) funding towards a CCTV monitoring survey to understand the drainage system in Old Malton.   | See above as this survey will be included in the work being commissioned by NYCC and RDC will make the agreed contribution to this.   |
|--|---|
| 3. That Natural Flood Management (NFM) considerations should be integral to all local flood management solutions and that RDC continues to facilitate links across the various partners and interested stakeholders endorsing a whole catchment approach   | The Yorkshire Derwent Partnership Board are currently developing a whole catchment area set of plans with specific delivery task groups in place to achieve outcomes eg Ryevitalise and a RDC rep attends, with a key objective of these projects being to develop natural flood management solutions.  |
| 4. That RDC allocates a sum of £50,000 to a grant fund to support local flood solutions which will be allocated through Resources Working Party (similar to the arrangements for the allocation of Community Grants) where the criteria for allocation will also be agreed. Town and Parish Councils would be eligible to apply (including Malton and Brawby), as should any fully constituted community group, with any grant conditional on the preparation of a Community Resilience Plan to ensure sustainability and linkage to NYCC and other flood risk management partner organisations. Any contribution RDC makes towards a local solution involving equipment is on the basis that: | All Parish and Town Councils have been informed of the availability of grant funding to support local flood solutions. Work is continuing, with several meetings already planned, to support the development of projects which may be eligible and to ensure links to NYCC and community resilience plans.  Communities are being invited to submit an expression of interest in grant funding to enable the development of solutions with support from the relevant authorities.  The formal application process is currently being developed. |
| a) The community group or parish council engage with NYCC to set up a community resilience group (CRG) with a Community Resilience Plan (CRP)  |   |
| b) The CRG undertake training and take responsibility for deploying and insuring the pump with sign off from NYCC  |   |
| c) That the Resources Working Party make recommendations to the Policy & Resources Committee on the grant applications for this fund, and that the criteria be similar to that used for the Community Grant applications ie; i. Grant must not exceed £5000.00 or 25% of the total cost - whichever is the lowest ii. Grants up to £1000 may be 100% of the total cost. iii. In certain circumstances the above criteria may be waived if it is felt that an application will be of exceptional benefit to a community.  |   |

| 5. That the above spending be funded from the New Homes Bonus Reserve   |  |
|---|--|
| 6. That Council may consider that funding be allocated from the New Homes Bonus towards the funding gap of £1.8m of the approved GiA scheme for the alleviation of flooding in Malton, Norton and Old Malton. That any contribution should be to a maximum of 20% of the funding gap. | The further work commissioned by NYCC to progress the M, N and OM Study will provide more detailed costings to inform future stakeholder engagement to bridge the funding gap. |

#### **Principles:**

- To optimise the use of operational assets
- That fewer operational buildings is lowest cost and lowest risk to service delivery
- To manage the councils estate to achieve the best social, economic and environmental benefit for the communities of Ryedale
- To dispose of underutilised assets
- To acquire assets that would support the finances of the Council and delivery of the Council priorities
- That the proceeds of the sale of any of the assets be used to support the delivery of the Council's priorities.
- For disposal of any Council owned asset used for car parking, decisions should be made in the context of a car parking policy.

The "broadly compliant" performance Indicator is defined as the percentage of food establishments within the local authority area that are broadly compliant with food law. The assessment is based on a scoring system that is defined in the national Code of Practice. When officers inspect a food business they rate the business with respect to several aspects. Three of those aspects namely the standard of hygiene, the structural standard and the confidence in management are awarded numerical values and if any one of them falls below a prescribed level then the establishment is judged to be non broadly compliant.
