15 **Motion on Notice**

Motion proposed by Councillor Burr and seconded by Councillor Paul Andrews.

Bearing in mind that

- the Council has sent its comments on the Joint Minerals and Waste Plan (JMWP) and these comments include a request to exclude the Vale of Pickering and the Yorkshire Wolds from the area where fracking is to be permitted;
- the potential developers are challenging the requirement in the JMWP to keep AONB's and National Parks free from fracking by seeking to amend the definition of fracking in the JMWP;
- fracking will completely industrialise the areas where it is allowed;
- RDC has no planner with experience in mineral planning on its payroll,

This Council resolves to task Officers with the preparation of a brief for consultants to represent the Council at the JMWP Examination in Public. This will help to gauge the availability of consultants and the level of potential cost. The brief shall be drafted by the Head of Planning and will be consistent with the representations made by this Council to the Plan. The brief will be agreed in consultation with group leaders. It is also resolved that the Head of Planning, in consultation with group leaders be given authority to appoint suitable consultants.

Councillor Ives moved and Councillor S Arnold moved to defer consideration of the motion to the next Ordinary Meeting of Full Council after the General Election.
