- (i) Members receive this report; and
- (ii) The current investments and performance in 2013/14 be noted.

### **3.0 REASON FOR RECOMMENDATIONS**

- 3.1 The Council has adopted the Code. A provision of the Code is that the Policy and Resources Committee will receive and review regular monitoring reports relating to the treasury management activities of the current year.

### **4.0 SIGNIFICANT RISKS**

- 4.1 There are no significant risks in considering this report. There are significant risks when investing public funds especially with unknown institutions. However, by the adoption of the CIPFA Code and a prudent investment policy these are minimised. The employment of Treasury Advisors also helps reduce the risk.

- 5.1 The Council has adopted the CIPFA Code of Practice on Treasury Management in Local Authorities and this report complies with the requirements under this code.

- 5.2 The Council use the services of Sector Treasury Services Limited (Sector) to provide treasury management information and advice.

## REPORT

### 6.0 REPORT DETAILS

- 6.1 The CIPFA Code states that Members will receive reports on the Council's Treasury Management policies, practices, and activities at regular intervals including an annual strategy, a mid-year review of the strategy and performance, an annual outturn report and monitoring reports.
- 6.2 The Council aims to achieve the optimum return on investments commensurate with the proper levels of security and liquidity. In the current economic climate it is considered appropriate to keep investments short-term (under 12 months) and only invest with highly credit rated financial institutions.
- 6.3 As at 31 December 2013 internally managed investments totalled £9,570,000 which were lent out as follows:

Period of Maturity	£
<b>Cash Equivalents:</b>	
Call Monies (SIBA)	4,570,000
Repayable within 1 month	0
<b>Fixed Term Deposits:</b>	
Repayable 1 month to 3 months	2,500,000
Repayable 3 months to 6 months	1,000,000
Repayable 6 months to 12 months	1,500,000
Repayable 12 months to 24 months	0
<b>Total</b>	<b>9,570,000</b>

- 6.4 The above investments were held with the following types of institutions:

Type of Institution	£
UK Clearing Banks	9,570,000
Foreign Banks	0
Building Societies	0
Local Authorities	0
<b>Total</b>	<b>9,570,000</b>

- 6.5 This Council uses the creditworthiness service provided by Sector Treasury Services as specified in the Council's Investment Strategy approved by Full Council 26 February 2013. The service uses a sophisticated modelling approach with credit ratings from all three agencies – Fitch, Moodys and Standard & Poors, forming the core element. The modelling approach combines credit ratings, credit watches, credit outlooks and credit default swap spreads in a weighted scoring system, which

indicates the relative creditworthiness of counterparties.

- 6.6 All the above borrowers met the required credit rating at the time of investment.
- 6.7 The following table shows the relative performance of cash equivalents (deposits restricted to a duration of under 30 days) and fixed term deposits, with the 7-day benchmark for the period ended 31 December 2013:

	<b>Average Investment £</b>	<b>Gross Rate of Return</b>	<b>Net Rate of Return</b>	<b>Benchmark Return</b>
Cash Equivalents	4,451,745	0.55%	n/a	n/a
Fixed Term Deposits	840,817	0.80%	n/a	0.36%

- 6.8 As illustrated above the Authority has to date outperformed the benchmark. However the Council's budgeted investment return for 2013/14 is £90k and the actual interest received from investments and loans for the nine-month period to 31 December 2013 totals £52k, which is £18k below the profiled budget. This shortfall is likely to increase over the remainder of the year as the full impact of the Governments Funding for Lending Scheme takes hold. Based on the current level of return it is anticipated that the likely shortfall on budget will be in the region of £24k.
- 6.9 In December the policymakers at the Bank of England held interest rates at 0.5% for the 56<sup>th</sup> month in a row. Sectors latest economic forecast predicts that the first Bank Rate increase will be in the 3rd quarter of 2016 to 0.75%.
- 6.10 It was anticipated that the Authority would have an external borrowing requirement in 2013-14 however, due to slippage within the capital programme, this has not been necessary. External borrowing will now take place in 2014/15.
- 6.10 Officers can confirm that since the last reporting period the approved limits within the Annual Investment Strategy have not been breached.
