Subject: Application 07/01162/FUL S.A.Bell Ltd

I am forwarding the views of Barton le Willows Parish Council with regard to the above application. It was unanimously agreed that any further traffic flow at this dangerous junction should be put on hold until the the Highways Agency carries out the road improvements long promised, as the plan from Highways is just a preliminary one, and maybe subject to change. They state that it is in their funded programme for 2014/15 but promises have been made before and reneged upon!

Thankyou
Joan Gibbs
