APPENDIX A RESTAURANT INFORMATION

CANADIAN FIELDS

RYEDALE'S PREMIER GLAMPING EXPERIENCE

'Gi Sukawaka' Restaurant

Is open for business "dining with a difference"

The restaurant is fully licensed selling a selection of fine wines bottled lagers and ales

Opening times

Breakfast served 7 days a week 8.30am-10 am (Booking would be helpful)

Dinner served 7 days a week 5.30pm – 9 pm

Lunch served Friday and Saturday 12pm – 2.30pm

Traditional Sunday lunch served 12pm – 3pm

Special Event Nights

Tuesdays Pie Night - A selection of pies with chips and peas £5

Wednesdays Steak Night 8-10 oz Sirloin steak £10

Friday Lunch Market Day Special - Soup and sandwich £3.50

Friday Night Eat in or take away fish and chips £5.50

Small shop on site selling homemade jams, chutneys, dressings, chocolates and biscuits. And of course the glamping for more details please visit the website for offers or for more details please phone 01439 772409

The perfect place for that special occasion

Bookings please call Jenny 01439 772409

Canadian Fields | Gale Lane | Nawton | Helmsley | YO62 7SD www.canadianfields.co.uk info@canadianfields.co.uk

Evening Menu

Freshly Made Soup with Warm Crusty Bread £5.25

Chicken Liver Pate served with Apple Chutney £5.95

Seafood Cocktail - Smoked Salmon, Crayfish & Prawns

Hot & Sour Belly pork with an Apple & Balsamic Dressing £5.95
Gruyere Twice Baked Cheese Soufflé £5.25

with Marie Rose Dressing £6.50

120z Sírloin Steak grilled to your liking served with Mushrooms, Tomato, Onion Rings £18.50 (Peppercorn Sauce £1.50)

Deep Fried Haddock served with Mushy Peas & Chips Small £8.95 Large £11.95

Traditional Steak & Ale Pie with a Short-crust Pastry Lid £10.50

Mushroom, Parmesan & Spinach Risotto with a Light Drizzle of Truffle Oil £8.95 V

Breast of Chicken on a Thyme & Leek Dauphinoise Potato £11.50

Sausages & Mash with Wholegrain Mustard & Cabbage Mash with Onion Gravy £10.50

Fillets of Sea Bass on a Bed of Buttered Samphire with a Lemon Cream Sauce £11.95

All Dishes are served with a Portion of Chips & Vegetables

Additional Portions are £2 each

For the attention of Mr. Matthew Mortonson

Dear Sirs

CANADIAN FIELDS CAMPING GROUND, GALE LANE, NAWTON YO62 7SD

CHANGE OF USE FROM CANTEEN TENT ANCILLARY TO CAMP SITE TO CANTEEN TENT NOT ANCILLARY TO CAMP SITE

WITHDRAWL OF PLANNING APPLICATION No 14/00777/FUL

Having taken advice from John Barrett of Kings Chambers I am writing to advise you that I wish to withdraw Application No. 2014/00777/FUL at Canadian Fields, Gale Lane, Nawton.

The advice is that the general public can be served in the restaurant on site under approval 13/01122/73AM.

The advice concludes:

- (a) The planning permissions in this case do not incorporate any of the applications that were made to the LPA and therefore the general rule is that it is impermissible to interpret the planning permission by reference to extraneous documents including the planning application.
- (b) There is no ambiguity in the planning permissions granted that would otherwise allow reference to the planning application and any supporting documents as an aid to interpret the meaning of the planning permission and its conditions
- (c) In any event, the planning permission that governs the operation of this site is that granted on 16th December 2013. The application that supported that the grant of planning permission, even if was to be regarded as incorporated, would not have included the Supporting Statement of the original 2011 application/permission.
- (d) In any event, the wording of Paragraph 4.15 of the Supporting Statement is unclear and ambiguous itself. It is not sufficiently clear to "imply" a restriction on users of the canteen marquee to those occupying the tents.

Directors: David Foft Dip TP(Dist) Dip LD MRTPI MLI and Audrey Tott

Company No. 6188596

I will shortly submit a Material Minor Amendment Application for the kitchen element and I trust that, along with the remaining application 14/0779/FUL, this will resolve all the outstanding issues.

Yours faithfully

24 August 2014

Application No: 14/0777/FUL

Dear Mr Mortonson,

Thank you for your letter of 19 August 2014.

It is my understanding that Miss Bulmer, after taking legal advice, has decided that she does not need planning permission for her restaurant and takeaway business because Ryedale District Council did not properly condition her first planning consent. Is my interpretation of her "withdrawal letter" (by Planning and Landscape Associates Ltd) correct?

My business is still suffering because of Canadian Fields restaurant and takeaway. I am sure that you can appreciate how it feels to be undercut by a business trading illegally. I cannot understand why the applicant has been allowed to build a catering kitchen without any planning permission and with no enforcement action being taken. I am a small business really struggling to make ends meet in these economically challenging times. I have worked hard, paid my taxes and complied with all the regulations placed upon me. It is not right that my business is suffering because Ryedale District Council is allowing Miss Bulmer to flout the law.

Your letter of 19 August 2014 stated "no further action" will be taken by the council. Is this just in relation to the planning application? What about Highways Issues in relation to parking? What about enforcement in relation to the kitchen? If permission for a takeaway food service has never been granted, why has no enforcement action been taken?

I have asked only 5 questions in my letter to you and would appreciate answers to those questions.

Yours sincerely,

Glenys Yates

Comments:

OBJECTION TO PLANNING APPLICATION NO. 14/00777/FUL This is an objection to the above retrospective planning application, for change of use from canteen tent ancillary to the [Canadian Fields] campsite to canteen tent not ancillary to the campsite that is open to customers both from the campsite and customers not staying on the campsite, and the holding of functions within the canteen tent/restaurant particularly. I write as the owner of a caravan holiday home sited on the Wrens of Ryedale Caravan Park, which is immediately adjacent to Canadian Fields. I would like to make some objections to and observations about this planning application, which I trust will be taken into account when a decision is made by the Planning Committee. I note that in paragraph 1.5 of the supporting document for this application that "This application is submitted retrospectively following a visit from the Council's Enforcement Officer. The officer's view was that "the Local Planning Authority would not be able to support this development should a planning application be submitted". I am therefore not alone in

believing that there are strong grounds for refusing this application, and I lay out my objections below. By far the strongest objection I have to this planning application is the additional noise and disturbance that will almost certainly be generated by the restaurant, in particular when functions are held. Paragraph 2.6 of the supporting document for this planning application states that "There has been no demonstrable harm to the environment or local amenity by the use of the canteen tent by nonpaying customers". This is simply untrue, as there have already been several incidences of noise and disturbance which the owner has failed to control, despite being resident on site (in another contravention of the original planning application (Retrospective application 14/00779/FUL). The worse and totally unacceptable incident occurred on Saturday 26th July 2014 when additional tepees were erected for a wedding reception, although several more less intrusive incidents had taken place prior to this. A live band and disco played extremely loud music until the early hours of Sunday morning, (1.45am), disturbing my family and my own peace, sleep and well-being to such a point I felt it necessary to contact the emergency local environmental health team, who were unable to help out of office hours. Unfortunately, the music and disturbance continued causing further upset and distress. With every window closed (even though it was an extremely hot night), I could hear every word that was spoken by the DJ/host and could feel the music vibrating. On contacting the environment health team for a second time, I was advised to ring the police, (which I did at 21.46pm) and report the situation to Ryedale council on the Monday morning. After enduring more hours of the disturbance and loud music I called the police once again at 12.12am. Finally peace was restored at 1,45am. I know others have already reported this incident to the Council's Environmental Health Officer Paul Hunt, who therefore has the full details. In his response to Christine Pinder's (another resident of Wrens) email, Mr Hunt stated "Please be assured that appropriate steps will be taken to avoid any future occurrences of this nature", I do hope so. This is a retrospective application, because the Canadian Fields restaurant/canteen tent has been open to both campsite users and the general public for several months, advertising widely in the local area, tourist press and on social media. Indeed their 'first function/wedding reception' of 26.7.14 was hailed a great success and I feel very strongly that no thought, consideration or attention to anyone else's welfare or well-being was taken into consideration. Finally, I would like to quote the Ryedale Local Plan, which states that "it is essential that the District's tourism industry can continue to develop but that this is achieved in a sustainable way which does not undermine some of the very special qualities...[including the] sense of tranquillity that visitors come to enjoy and experienceit is important that a balance be struck and that new tourist accommodation, attractions and facilities are located in places where the scale, nature of activity and visual intrusion can be accommodated". I feel strongly that if the retrospective planning application is granted

the councils very own vision for this wonderful, tranquil part of the district will be lost and many people will have no purpose to visit.

OBJECTION - Re. Planning Application 14/00777/FUL

Dear Sir/Madam,

14 AUG 2014
DEVELOPMENT
MANAGEMENT

I write to object to the above retrospective planning application.

My wife and I own Wrens of Ryedale Caravan Park, Gale Lane, Nawton. My business and residential address are immediate neighbours of Canadian Fields.

My reasons for objecting are;

- 1. The applicants Supporting Statement is misleading and untrue e.g. Para 2.4 The maximum number of diners the canteen tent can cope with in an evening is 60" yet the applicant states on Facebook that "....ye old pie night we did a record 86 covers!!!"
- 2. The Canteen Tent/ Wigwam offers no sound proofing and therefore the noise from this establishment is having a detrimental impact on the amenity area for my business, my residence and the hollday homes of my customers. This is contrary to;

The Ryedale Plan - Local Plan Strategy SP20 which states;

Proposed uses and activity will be compatible with the existing ambience of the immediate locality and the surrounding area and with neighbouring land uses and would not prejudice the continued operation of existing neighbouring land uses.

National Planning Policy Framework para.123 which states planning policies and decisions should aim to: Identify and protect areas of tranquillity which have remained relatively undisturbed by noise and are prized for their recreational and amenity value for this reason.

- 3. The planting scheme conditioned in the original application has not been completed. There is inadequate screening to the northern boundary.
- 4. There are neither footpaths nor street lights on the unclassified road serving this development. The national speed limit of 60mph applies to this stretch of road. This is dangerous for the extra pedestrian traffic that is generated through takeaway and restaurant visitors.
- 5. Allowing a restaurant to operate in a tent in a Greenfield site clearly disadvantages those neighbouring restaurants and takeaways who have invested in conventional buildings and trade legitimately.

In conclusion I ask;

Should the application be approved, the council consider attaching the following conditions;

1. Restrict the hours of opening to 11pm except on Christmas Eve and New Year's Eve.

| 2. Restrict the playing of | amplified music to pre-recorded | i back ground music only at | t all times except Christmas Evi |
|----------------------------|---------------------------------|-----------------------------|----------------------------------|
| and New Year's Eve. | | | |

3. Ensure sound proofing is installed within the wigwam and along the northern boundary to reduce impact on neighbouring residents.

Yours faithfully,

David Taylor

Mr J Thompson Nawton Green Fisheries Nawton York YO62 7SW

10 August 2014

Objection - Planning Ref: 14/0777/FUL

Dear Sir/Madam,

I am the owner of Nawton Green Fisheries. My fish and chip shop is located on the side of the A170 at the junction with Gale Lane, Nawton. This is also my home.

I have read the applicant's supporting statement and can only describe it as untruthful. The applicant has been running a restaurant and takeaway food business from her wigwam restaurant for several months.

The marketing of the restaurant and takeaway service has been extensive. Para.2.6 of the supporting statement reads "the applicant has not deliberately set out to flout planning laws or actively marketed the conteen tent." The applicant has, in fact, built a catering kitchen without planning permission, operated a restaurant without planning permission and operated a take away service without planning permission. The applicant has attracted custom my advertising in local magazines, on local notice boards, in shops, fly posting and by personal visits to local campsites to promote the restaurant and takeaway.

Para.6.4 of the supporting statement claims there is a "need and a demand for additional dining facilities". My fish and chip shop and the Indian restaurant (in the village) are mentioned in this paragraph. The reality is that the applicant's restaurant and takeaway service is run from a tent without planning permission. Because the applicant is trading illegally, she has reduced her overheads and can thereby undercut other businesses that are trading legitimately. Two mobile fish and chip vans frequent the area, there is a burger van in lay-by just outside the village and the farm shop, just outside Beadlam, all selling food. The applicant must be kidding when she says "there is a need and demand". We do not need any more food outlets. My takings are down since Canadian Fields stated trading illegally. I expect the local Council to protect businesses like mine. After all, I suspect the Council will not want to reimburse my loss of earnings caused by a business operating unlawfully.

The level of noise pollution recently experienced from the development (more than 500 yards from my house and still audible at midnight) and the detrimental impact the illegally operating restaurant and takeaway has had on my business are two points I urge you to consider when making your decision.

Yours faithfully

MMC 13/08/2014

Mr Kalam Shah Desi Spice Club Main Road Beadlam, Nawton York YO62 7SU

11/08/2014

Dear Mr Mortonson,

OBJECTION

I object to retrospective planning application ref. 14/777/FUL. The applicant has not considered the effect on the local area and businesses despite her claim in the supporting statement, paragraph 6.5;

"......the local pub does not offer food leaving only the fish and chip shop and Indian restaurant in the village offering a takeaway and dining facility. Currently there is a need and demand for additional dining facilities in the local area so other rural businesses are not being harmed by this proposal."

This is not true. I own the Indian Restaurant and Takeaway in the village of Beadlam and I am being harmed by this illegal operation of a restaurant and takeaway. I have worked hard to pay for my business and find it wrong that consideration can be given to an application whose reason for breaking the law is lack of bank funding. By flouting planning law the applicant has saved herself a lot of expense however only at the cost of others.

In addition to the obvious breach of planning law this development is in the totally wrong location. The noise I have experienced late at night emanating from that development is something I would not expect to hear in a city let alone in rural Ryedale. I am governed by strict regulations regarding noise and have the ability to close windows and doors to reduce the impact on my neighbours and the surrounding area. This is impossible when the restaurant is built of canvas and so we all have to suffer.

Yours sincerely.

RYEDALE DA

13 August 2014

13 AUG 2014

DEVELOPMENT

MANAGEMANE

Dear Sir/Madam,

I live next door to Canadian Fields and the Gisukawaka Restaurant (canteen tent/wigwam). The canteen tent is approximately 100m from my home. It is constructed of canvas. Attached to it is a wooden constructed entrance vestibule. Adjacent to the canteen tent is a catering kitchen constructed of wood on a concrete base. As the immediate neighbour to this site and my experience of living alongside it for the last six months i have found myself with no option other than to object.

I have read through the applicants Supporting statement and have found it to be misleading.

Paragraph 2.4 of the Supporting statement states "the maximum number of diners the canteen tent can cope with in an evening is 60." Yet the applicant states on Facebook at having 500 covers in one week (posted 2 June 2014), 86 covers in one evening (posted 24 July 2014) and their "very first wedding reception" (posted July 31 2014).

It states in the Supporting statement, paragraph 2.6, "The applicant has not set out to flout planning laws or actively marketed the canteen tent." The applicant has undertaken an aggressive marketing campaign in order to promote this new venture. Posters have been attached to bus stops, shop windows and village notice boards. Adverts have been placed in a local publication and on various internet sites, signs have been displayed at the entrance to the site and visits to other local campsites with promotional material have all been undertaken to name but a few.

Paragraph 3.1 claims "The site is bounded by hedgerows and recent tree planting to fulfil the landscape condition". The Landscape condition has not been fully implemented.

This is just a sample of contradictions found within the first two pages of the Supporting Statement. Individually they may appear to be immaterial, insignificant or possibly a simple mistake however collectively it does undermine the sincerity of the application and does not give a true reflection of the effect this establishment has had on the amenity area nor the drain on public funding which it will have if allowed to continue.

The applicant has failed to consider the impact of the development on the surrounding landscape and has not designed the site to reduce adverse effects. Whilst the applicants' initial application described this facility as "similar to the catering tents seen at country shows" it has in fact grown to a 7 meter high wigwam with attached wooden entrance vestibule and a wooden built kitchen alongside. The site is located in an Area of High Landscape Value and whilst the design of the wigwam may appear novel or highly attractive due to its unusual design the sheer sprawl of buildings within this development site is highly visible from the A170 and does not respect the character of the area in which they sit. This restaurant has been built on a Greenfield site and has

operated for approximately 4 months without the appropriate consent. NPPF 3 however states such developments should be supported "where identified needs are not met by existing facilities in rural service centres" and that planning policy should "promote the retention and development of local services and community facilities in villages, such as local shops, meeting places, sports venues, cultural buildings, public houses and places of worship." The villages of Nawton and Beadlam currently have a Fish and Chip Shop, Indian Restaurant and a Public House. Food establishments in these service villages are very much available and in desperate need of custom. The applicant claims "...currently there is a need and a demand for additional dining facilities in the local area so other rural businesses are not being harmed by this proposal." Yet all three establishments are available for sale due to lack of custom and fear closure. The applicant goes on to say "if the enabling funding were to be lost this would delay completion of the development and would lead to a loss of employment and tourist income." Funding in today's climate has had an effect on everyone and whilst NPPF 3 supports economic growth it does not support the granting of planning permission due to a lack of funding. We need to protect the services are village has to offer and the employment these establishments already provide.

Due to the fact that this restaurant is constructed of canvas there is no sound proofing on offer. The applicant states in para 2.6 "there has been no demonstrable harm to the environment or local amenity by use of the canteen tent by non-staying customers." Unfortunately no consideration has been made to the effect on the amenity area. The noise generated by large groups under canvas cannot be disguised or contained in a canvas structure. There have been several recorded incidents of noise disturbance in last 4 months not only from the users of the canteen tent but from customers pitching tents on the remaining area of land. The applicant does not abide by the conditions of Ryedale District Council Site Licence. A condition of this licence, amongst many other conditions, states that "the licensee by himself or a person employed by him for the purpose shall maintain adequate supervision of the site so as to ensure strict observance of the conditions and good conduct of the site". Yet despite the applicant living on site no efforts have been made to control the noise coming from this establishment in fact quite the opposite. Unfortunately this has resulted in Police and Ryedale District Council Pollution Control Officer involvement after the applicant closed the campsite in favour of hosting a wedding reception. This involved the erection of two further wigwams, a live band and a disco. Whilst the applicant did apply to Ryedale District Council for a Temporary Event Notice it failed to take in to consideration the massive impact it would have on such a peaceful area. The music did eventually stop at 1.40am after the Police attended however this was followed by the fallout from such an event. The undeveloped area of the "glamping site" usually used for standard tents was utilised as a car park.

NPPF para.123 states planning policies and decisions should aim to:

- Avoid noise from giving rise to adverse impacts on health and quality of life as a result of new development;
- Mitigate and reduce to a minimum other adverse impacts on health and quality of life arising from noise from new development, including through the use of conditions;
- Recognise that development will create some noise and existing businesses wanting to develop in continuance of their business should not have unreasonable restrictions put on them because of changes in nearby land use since they were established; and
- Identify and protect areas of tranquillity which have remained relatively undisturbed by noise and are prized for their recreational and amenity value for this reason.

I believe that the use of this canteen tent as a restaurant, with an alcohol and music licence, open to the public is a direct contravention of this policy. A canvas tent does not offer any protection to me in the adjacent residential property. I believe the proposed development has a dominating impact on me and my right to the quiet enjoyment of my property. I would urge the council to consider its responsibilities under the Human Rights Act in particular Protocol 1, Article 1. This states that a person has the right to peaceful enjoyment of all their possessions which includes the home and other land. Additionally, Article 8 of the Human Rights Act states that a person has the substantive right to respect for their private and family life. In the case of Britton vs SOS the courts reappraised the purpose of the law and concluded that the protection of the countryside falls within the interests of Article 8. Private and family life therefore encompasses not only the home but also the surroundings.

I believe that the visual impact and noise generated by this development to date has evidenced why this application should be refused. The application does not comply with National and Local Policies.

The Ryedale Plan - Local Plan Strategy SP20 states;

"New development will respect the character and context of the immediate locality and the wider landscape/townscape character in terms of physical features and the type and variety of existing uses.

Proposed uses and activity will be compatible with the existing ambience of the immediate locality and the surrounding area and with neighbouring land uses and would not prejudice the continued operation of existing neighbouring land uses.

New development will not have a material adverse impact on the amenity of present or future occupants, the users or occupants of neighbouring land and buildings or the wider community by virtue of its design, use, location and proximity to neighbouring land uses. Impacts on amenity can include, for example, noise, dust, odour, light flicker, loss of privacy or natural daylight or be an overbearing presence."

In conclusion I ask, should the application be approved, the council consider attaching the following conditions;

- 1. Restrict the hours of opening to 11pm except on Christmas Eve and New Year's Eve.
- 2. Restrict the playing of music to pre-recorded back ground music only at all times except Christmas Eve and New Year's Eve.
- 3. Ensure sound proofing is installed within the wigwam and along the northern boundary to reduce impact on neighbouring residents.

I would be grateful if the council would take my objections into consideration when deciding this application.

Yours faithfully

Support.

High Farm Beadlam Rigg Pockley North Yorkshire YO62 7TG

Dear Mr Mortonson

MO BJAOBYR

RE: 2014/007 77 FUL - Canadian Fields, Restaurant Application

We write in support of this application.

The NPPF strongly supports the rural economy and diversification away from agriculture, especially where it is creating jobs and spending within the area and also increasing community facilities and meeting points for communities to get together. Canadian Fields has very quickly become a pleasant and attractive meeting and eating place which is something that is limited supply in the locality.

The Council should support a young individual who's determination to succeed has meant that she was undeterred when the banks would not lend her the necessary money to complete this project. Jenny has developed the business in a manner which means that there are:

- no changes to the appearance of the site;
 the restaurant would be there whether it served only those on site or not
- no increase in the intensity of its use above that which has already been approved;
 the restaurant caters for 60 covers. The approved scheme accommodates 133 bed spaces.
 Once fully developed the catering will be self-limiting as residents will fill the restaurant and therefore there will not be space for non-residents.
- There is no detrimental impact on the neighbours

 Non-resident diners do not generate any more noise than resident ones.
- Therefore we can see no increase in the impact that the current proposal has on the surrounding locality, above that which has been approved already.

The original permission did not preclude the catering for non-residents, which was an option open to the Council at the point of determination and therefore the applicant did not consider that this would be an issue when trying to generate more funds to develop the rest of the site in line with her approval. The 50+ bookings that she has most nights speak for themselves as to how popular this venture is and how successful it is in bring revenue into the area, especially when food has not been served at the village pub for a number of years now.

As competition is not a planning consideration, and as stated above, there is no increase in the level of activity above that already approved and no change in appearance, it is hard to see what the issue is with where the diners choose to sleep once they have eaten in this exceptional quality restaurant with a very unique dining experience.

Please support this local business lady as Ryedale could do with more like her with such determination to be successful.

I would therefore encourage Officers and Members to approve this application as there is no demonstrable harm above that which has already been approved.

Yours sincerely

Mr & Mrs I Teasdale

Development Management
Planning application 14/00777/FUL

RYEDALEDM

11 AUG 2014 DEVELOPMENT MANAGEMENT

Dear Sir or Madam

OBJECTION TO PLANNING APPLICATION NO. 14/00777/FUL

This is an objection to the above retrospective planning application, for change of use from canteen tent ancillary to the [Canadian Fields] campsite to canteen tent not ancillary to the campsite that is open to customers both from the campsite and customers not staying on the campsite.

I write as the owner of a static caravan holiday home sited on the Wrens of Ryedale Caravan Park, which is immediately adjacent to Canadian Fields. This is my seventh seventh year on this site.

I would like to make some objections to and observations about this planning application, which I trust will be taken into account when a decision is made by the Planning Committee. I note that in paragraph 1.5 of the supporting document for this application that "This application is submitted retrospectively following a visit from the Council's Enforcement Officer. The officer's view was that the Local Planning Authority would not be able to support this development should a planning application be submitted". I am therefore not alone in believing that there are strong grounds for refusing this application, and I lay out my objections below.

By far the strongest objection I have to this planning application is the additional noise and disturbance that will almost certainly be generated by the restaurant. Paragraph 2.6 of the supporting document for this planning application states that "There has been no demonstrable harm to the environment or local amenity by the use of the canteen tent by non-paying customers". This is simply untrue, as there have already been several incidences of noise and disturbance which the owner has failed to control, despite being resident on site (in another contravention of the original planning application). By far the most intrusive incident occurred on Saturday 26th July this year, when two additional tepees were erected for a wedding reception, one of which was less than 100 yards from the Wrens of Ryedale Caravan Park boundary. Not all the attendees at this reception would be paying customers of Canadian Fields, so this is a clear example of non-paying customers causing harm to local amenity by using the canteen tent (and the two additional tepees), therefore refuting the above statement from the supporting document.

During the wedding reception, in the tepee nearest to the Wrens boundary, a live band played, followed by a disco. The extremely loud level of noise from both the music and the people attending the reception were only controlled when a user of Wrens called the police out, who ordered the music to be switched down. This was at approximately 1.40am on the Sunday 27th. I and others have already reported this incident to the Council's Environmental Health Officer Paul Hunt, who therefore has the full details. In his response to my email, Mr Hunt stated "Please be assured that appropriate steps will be taken to avoid any future occurrences of this nature". I would strongly recommend that the first step be to refuse this application.

I understand that the owner of Canadian Fields was granted a Temporary Event Notice (TENS) for this event, so I would suggest that if this planning application were by any chance to be granted (and I sincerely hope it is not), the owner would be very likely to apply for further TENS in the future. If this happens, any TENS granted should have strict conditions attached, such as music to stop at 11pm. I note that the general guidance on TENS states that doors and windows should be closed if music is to continue later than this, but this is impossible in a tent, which has absolutely no sound proofing in the first place. In addition, the original planning permission for the Canadian Fields site laid down the screening/planting that must take place, which might help to disguise noise from the canteen tent. The owner has planted the screening along the Wrens boundary, but has not planted all the screening within her own site in the area which is nearest to Wrens, despite the supporting document for this planning application stating otherwise.

Finally on this point, I note on your website that Environmental Health Officer Serena Williams had no objection to this planning application, and she made no further observations. However, her response is dated 23rd July 2014, three days before the above incident took place.

Still on the issue of noise, some reviews by Canadian Fields users on the website www.pitchup.com need to be highlighted, as several mention noise on the site. For example, one review states that users "were kept awake by noisy campers". The same applies to the users of Wrens, and if the restaurant is to remain open to non-campers, further noise and disturbance will be generated, in addition to that already endured.

The impact of the above incidences of noise, disturbance and harm to local amenity is heightened by the fact that the immediately adjacent Wrens of Ryedale is advertised as a "quiet, family run caravan holiday park, ideally located for a peaceful stay in the country". On the above occasions, this was far from the case, due to factors completely out of the control of the park owners. In addition, one of the park rules is "No noise after 10.30pm. The strict enforcement of this rule by the owners is welcomed by the residents, as peace and quiet is what they come to Wrens for.

Moving on to another observation, this is a retrospective application, because the owner of Canadian Fields has in fact been opening her canteen tent to both campsite users and the general public for several months, in clear contravention of the original planning permission for the campsite. Furthermore, this contravention has not been "hidden" in that the owner has conducted a fairly wide ranging advertising campaign, despite the statement in the supporting document (paragraph 2.6) that "The owner has not deliberately set out to flout planning laws or actively marketed the canteen tent. One advert was placed in the Yorkshire Advertiser and a sign was displayed at the gate". I would like to point out that as well as using these marketing tools, the owner has also posted advertisements on local lamp posts and trees, given out menus to those enquiring about the restaurant, and posted numerous advertisement-like posts onto the Canadian Fields Facebook page, some advertising things as pie and curry nights at the restaurant. Facebook is a very strong marketing tool in the digital age, so it can hardly be said that the owner has not "actively marketed the canteen tent". If this planning application is approved, the owner will step up her marketing, generating more people in the restaurant and therefore even more noise and disturbance.

In another open contravention of the original planning application, the owner of Canadian Fields has been taking touring caravans, camping tents, mobile homes and camper vans on the site ever since it opened. This would presumably have generated some income, which would in turn appear to refute at least in part, the statement in paragraph 1.7 of the supporting document that "The development should be viewed as enabling development that is required to fund the completion of the approved glamping enterprise".

Finally, I would like to mention the Ryedale Local Plan, which states that "it is essential that the District's tourism industry can continue to develop but that this is achieved in a sustainable way which does not undermine some of the very special qualities...[including the] sense of tranquillity that visitors come to enjoy and experience". As described above, this sense of tranquillity has already been intruded upon by the presence of the canteen tent and by its users, and the noise and disturbance will continue and most likely get worse if this planning application is granted.

The Ryedale Local Plan goes on to say that "it is important that a balance be struck and that new tourist accommodation, attractions and facilities are located in places where the scale, nature of activity and visual intrusion can be accommodated, for example in terms of the character and sensitivity of the locality". In fact, the canteen tent does intrude visually on the local landscape, in that it is clearly visible not only from Wrens (where the static and touring caravans and most of the buildings are lower in height), but also from the main A170 road. In addition, it is on a greenfield site, and I would suggest that a restaurant would be better situated in a village, rather than in the middle of a quiet rural area.

I trust that my objections and observations will be taken into account by the Planning Committee when making a decision on this application, and I strongly recommend that it be refused on the grounds laid out above.

DEVELOPMENT Dear Sir, As an amuel pikh hirer, I am a regular user of the adjacent eile to Conadian Fields, at Wrens, and both site share a common boundary, I am loomers from the content text, and the whole of wrens is within 220 ner of it. My wife and 9, along with the other regular "residents" like to wight the area becaused the tronquelity and the wild life we see in the fill next to both ites. Forces, Deer, hower, wood packers and much more baside.

To Conadian Fields claim that with only 3 glamping units on site mans that they have to spen to the public to "make endo meet" to finance the whole project. There is no mention that they have infact been taking intowing constants, compersions and lots of tents which use their

(2) Section 6.3 of the support statement says that Hey have I full time and It partime stall equating to 6 full time J. bs. 9 surpact that these Jigures are on the basis of longe Cattering functions, as 3 glouping units and people providing their own combing does not require

On the 26th July they may have had is stell on site as they in fact closed their site to compars to Catterfor a Wedding, with 2 additional wigwons being evented. This all owed the 100+ people on Wrent adjocent site (aged from 3 +, 85, but most over 55) to experience what they envisage

a) by using tests, all woise, parting, speacher or music has so "dealing attenuation by the convar.

b) Microphono and amplifies were in use.

() Music played from 9pm at such value that my caravan unbrited he like mains bugg. Such that you could ful it on the walls, the bad head for in and the bad itself.

2/ APPLICATION No 14/00777/FUL

d) If the worden was on site, why at 12-45 am, ofter 3 3/4 hours, could 9 only get hold of an answer machine to ask them to tun the music down, as it was husting my wifes ears. (9 had removed my hearing aids).

e) other had tried to contact the council re the waice but obviously

the affect were closed till Monday.

t) I believe that the Police called to comadion fields site and the sound reduced at I Am.

9 believe that conadion field will use the Tampany Event Notice (TEN) to Cather for events that will be noisy and disturb the piece and quiet of the avea.

The reported use of retrospective applications after they have contravened Their original agreed plans and conditions shows that they are propured to push the law or turn Hay con, in the hope you will be more simpathetic or its already in use, or planning consultant are well awar of. When this is voted on by the council there are mankers with a conflict of interest. Can measure be put in place to ensure that a fair valeished If you allow Canadian Fields to france Hair development is this way, it will be to the detrament of others that have had to devel to their business the convent in I way, and would in fact lose Hem money and the possibly the variety of Heirsile if the distriburace coursed the second pitch rester to move to other

Please do not recommend approval of this application. Y one sincerely

PS. Sorry this letter is not typed but I am still on had aday,

APPENDIX C PLANNING APPLICATION 11/00686/MFUL DOCUMENTS

RYEDALE DISTRICT COUNCIL

TOWN & COUNTRY PLANNING ACT 1990 FULL APPLICATION FOR PERMISSION TO CARRY OUT DEVELOPMENT

RYEDALE DISTRICT COUNCIL, THE LOCAL PLANNING AUTHORITY, HAS CONSIDERED THIS APPLICATION AND HAS DECIDED IT SHOULD BE APPROVED SUBJECT TO THE CONDITIONS STATED BELOW:

Application No: 11/00686/MFUL

Proposal: Change of use of agricultural land to allow the siting of 19 no. tents on decking

bases, erection of toilet and reception block and canteen marquee, change of use of agricultural building to winter tent store, formation of vehicular access, gravel site

roads and paths, car parking and landscaping

at: Land At OS Field 5166 Gale Lane Nawton Helmsley

for: Miss Jennifer Bulmer

Decision Date: 28 September 2011

REASON FOR APPROVAL

The proposed development is in accord with the following development plan policies and there are no other material considerations that outweigh those listed development plan policies:

National Policy Guidance - PPS1 - 'Delivering Sustainable Development' 2005

National Policy Guidance - PPS7 - 'Sustainable Development in Rural Areas' 2004

Ryedale Local Plan - Policy ENV3 - Development in the Areas of High Landscape Value

Ryedale Local Plan - Policy TM3 - Chalet, cabin and static caravan development

Ryedale Local Plan - Policy TM4 - Touring caravan and camping sites

Ryedale Local Plan - Policy ENV7 - Landscaping

Ryedale Local Plan - Policy T3 - Access to the local highway network

CONDITIONS AND ASSOCIATED REASONS

101 The development hereby permitted shall be begun on or before 27 September 2014.

Reason:- To ensure compliance with Section 51 of the Planning and Compulsory Purchase Act 2004

Unless otherwise agreed in writing with the Local Planning Authority there shall be no more than 19 safari type tents on this site at any one time.

Reason:- In the interest of certainty and to protect the character and appearance of the area and satisfy Policy ENV3 of the Ryedale Local Plan.

Miss Jennifer Bulmer

C/O Planning & Landscape Associates Ltd (Mr D Toft)

87 Cop Lane

Penwortham

Preston

Lancashire

PR1 9AH

APPN NO: 11/00686/MFUL

The units hereby approved shall be used for holiday accommodation only, and not for permanent

residential accommodation.

Reason:- It is not considered that the application site is suitable for permanent residential site is suitable for permanent residential use because it lies within an area where Policy Preclude the development of permanent residential development except for agricultural or forestry purposes.

O4 The owners/operators shall maintain an up-to-date register of the names of all owners/occupiers of individual holiday units on the site, and of their main home addresses, and shall make this information available at all reasonable times to the Local Planning Authority.

Reason:- In the interests of residential amenity and to protect visitors and residents of the nearby 'Wrens Caravan Park'.

05 Before the development hereby permitted becomes fully operational a method statement for the operation and supervision of the campsite, including for out of office hours, shall be submitted to and approved in writing by the Local Planning Authority.

Reason:- To ensure a well managed facility that would not have an adverse impact on the character of the area or the amenity of nearby residents and visitors.

The holiday units on the site shall only be occupied between 1 March and 31 October in any one calendar year. During the time that the units are not occupied they shall be dismantled and the timber deckings protected.

Reason:- The site lies in an area where the provision of permanent residential accommodation is contrary to Policy and to satisfy the requirements of Policy TM3 of the Ryedale Local Plan.

- The development permitted by this planning permission shall be carried out in accordance with the approved Flood Risk Assessment (FRA) submitted by PLA, Project Ref JO14, dated 14 June 2011 and the following mitigation measures detailed within the FRA:
 - 1. The site access road is constructed of permeable materials.2
 - 2. Surface water runoff should be managed by infiltration methods as per section 6.2 of the FRA.
 - 3. Before works commence soakaways should be shown to be effective for the disposal of surface water from this site and, if not, the applicant should be requested to resubmit amended proposals should how they propose to drain the site. It is therefore recommended that an appropriate assessment is carried out in accordance with BRE Digest 365.

Reason: To prevent flooding by ensuring the satisfactory disposal of surface water from the site.

C

Unless otherwise agreed in writing with the Local Planning Authority the landscaping shown on Drw.No.06 shall be fully implemented within the next planting season following commencement of development. In the event of any plant material dying or become seriously diseased or damaged within a 5-year period of planting, it shall be replaced with similar species to a specification that shall first be agreed in writing with the Local Planning Authority, unless the Local Planning Authority give written consent to any variation.

Reason:- To enhance the appearance of the development hereby approved and to comply with the requirements of Policy ENV7 of the Ryedale Local Plan.

There shall be no access or egress by any vehicles between the highway and the application site until full details of any measures required to prevent surface water from non-highway areas discharging on to the existing or proposed highway together with a programme of their implementation have been submitted to and approved in writing by the Local Planning Authority in consultation with the Highway Authority. The works shall be implemented in accordance with the approved details and programme.

Reason:- In accordance with Policy T3 of the Ryedale District Local Plan and in the interests of highway safety.

- Unless otherwise approved in writing by the Local Planning Authority, there shall be no excavation or other groundworks, except for investigative works, or the depositing of material on the site until the access(es) to the site have been set out and constructed in accordance with the published Specification of the Highway Authority and the following requirements:
 - (i) The details of the access shall have been approved in writing by the Local Planning Authority in consultation with the Highway Authority.
 - (ii) The access shall be formed with 6 metre radius kerbs, to give a minimum carriageway width of 5 metres, and that part of the access road extending 10 metres into the site shall be constructed in accordance with Standard Detail number E7-E.
 - (iii) Any gates or barriers shall be erected a minimum distance of 10 metres back from the carriageway of the existing highway and shall not be able to swing over the existing or proposed highway.
 - (iv) The final surfacing of any private access within 10 metres of the public highway shall not contain any loose material that is capable of being drawn on to the existing or proposed public highway.

Reason:- In accordance with Policy T3 of the Ryedale District Local Plan and to ensure a satisfactory means of access to the site from the public highway in the interests of vehicle and pedestrian safety and convenience.

Miss Jennifer Bulmer C/O Planning & Landscape Associates Ltd (Mr D Toft) 87 Cop Lane Penwortham Preston Lancashire PRI 9AH

APPN NO: 11/00686/MFUL

11 The development hereby permitted shall be carried out in accordance with the approved plans.

Reason:- For the avoidance of doubt and to ensure the satisfactory development of the site in accordance with the approved plans.

Notwithstanding the submitted details, at least 10% of the energy consumption of the development shall be derived from on-site renewable resources, details of which shall be submitted to and approved in writing by the Local Planning Authority prior to commencement on site.

Reason:- In the interests of energy efficiency, and to satisfy the requirements of Policy ENV5 of the Regional Spatial Strategy.

INFORMATIVE(S)

In relation to Condition 10. You are advised that a separate license will be required from the Highway Authority in order to allow any works in the adopted highway to be carried out. The 'Specification for Housing and Industrial Estate Roads and Private Street Works' published by North Yorkshire County Council, the Highway Authority, is available at the County Council's offices. The local office of the Highway Authority will also be pleased to provide the detailed constructional specification referred to in this condition.

NO CONSENT OR APPROVAL HEREBY GIVEN REMOVES ANY REQUIREMENT TO SERVE NOTICES OR SEEK APPROVAL FROM THE DISTRICT COUNCIL WHERE SUCH ACTION IS REQUIRED BY THE BUILDING ACT 1984 OR OF ANY OTHER STATUTORY PROVISION. NO PART OF THE PROPOSED DEVELOPMENT SHOULD BE STARTED WITHOUT COMPLYING WITH SUCH REQUIREMENT.
