

# Ryedale District Council Plan 2015-2020

## Introduction

Welcome to Ryedale District Council's business plan – The Council Plan 2015-20. This plan is intended to explain to Councillors, members of the public, to partner organisations and to our staff what the priorities of the Council are for the next five years. We want our customers to have a clear understanding of the issues that this Council believes are most important for the next five years. The Council has linked the planning for its resources to the priorities in this plan. We want to focus our effort on those things that will make the difference to the lives of people in Ryedale's communities, targeting resources for those in greatest need.

The Council Plan includes 5 Priorities that will guide the Council as it delivers services for the people of Ryedale district over the next five years, challenges to be met in the next 12 months, examples of the action to be taken to meet these challenges and performance indicators which will be used to manage delivery of the priorities. Also included is a summary of achievements against priorities made in the preceding year.

## Why have we chosen these priorities?

### Aim 1 To create the conditions for economic success

There is a need to strengthen and diversify Ryedale's economy. Levels of unemployment are low but for those in employment wages are also low, making housing unaffordable for many. The Ryedale economy is currently over reliant on traditional industries that are associated with low pay there is strength in the advanced engineering, agri-food and creative economy and tourism sectors. People in Ryedale are very entrepreneurial with many working at home, in self employment or running small businesses.

The conditions need to be created in Ryedale to support the development of opportunities within sectors that are generally better paid than the current low average income levels. This would then provide opportunities for those with higher and specialist skill levels and additionally the potential to employ younger people who often choose to leave the area to access better opportunities. The population is ageing and businesses continue to struggle to access skilled workers, whilst good students leave the area. Communities in Ryedale have poor transport links via the A64 and only one rail station, broadband coverage is estimated to be 74% compared to 84% in York and North Yorkshire and mobile phone coverage is patchy. Ryedale is the 5<sup>th</sup> least affordable rural area in which to live in the country with poor access to services such as supermarkets, schools, post offices and petrol stations.

The biggest challenges are therefore to develop the infrastructure whilst valuing the historic towns and mitigating flood risk. There is a need to attract investment from the Local Growth Fund into Ryedale.

### Aim 2 To meet housing need in the Ryedale District Council area

In Ryedale there is an imbalance between market house prices and the amount that many local people can afford to pay for a home. This is a result of low wage levels (£10.33 an hour in Ryedale, £13.15 GB average) and high house prices (£213,983). Ryedale has an increasingly ageing population and as people get older their housing needs often change, with an increased level of support from services and access to specialised housing provision. People want to live in Ryedale and believe it is a good place to live where they can enjoy a high quality of life. Affordable housing includes social rented and intermediate housing provided to specified eligible households whose needs are not met in the market.

Ryedale has performed very strongly in delivering housing is one of the few authorities in North Yorkshire to be delivering new homes at the level required by their Local Plan. The delivery of new housing is all currently from market housing and this is delivering all of the affordable housing.

### **Aim 3 – To have a high quality, clean and sustainable environment**

A striking characteristic of Ryedale is the outstanding quality of its countryside, villages and market towns. This is reflected in the designation of the North York Moors National Park and the Howardian Hills Area of Outstanding Natural Beauty. The finest examples of historic buildings and features in Ryedale are legally protected; there are 46 conservation areas, more than 2,000 listed buildings, 440 scheduled ancient monuments and eight registered historic parks and gardens. Ryedale District is very sparsely populated relative to the rest of England, being ranked 2nd, with over half of the population living in villages, hamlets and isolated dwellings. Ryedale possesses a very high quality environment and our aim is to maintain this in future years.

### **Aim 4 – To have safe and active communities**

Ryedale has a network of community facilities for recreation and leisure activities which are all owned and managed by local communities for their own use, and that of other residents and visitors. The council supports existing and new facilities through a community grants programme. The Council owned facilities are now managed under contract with Everyone Active.

The health of people in Ryedale is generally better than the average in England, deprivation is lower than the average, but Ryedale remains the area with the highest rate for road casualties in England. Levels of activity in our communities are high, for physical activity and social activity such as volunteering and caring (11.4% census ) and the half of the population report they are in very good health (45.5 % census).

Ryedale has one of the lowest crime rates in the country and much work is undertaken to maintain this level and to try and gain improvements. The priorities for Safer Ryedale in response to concerns expressed by residents are tackling dog fouling, safer roads, Alcohol and substance harm reduction, reducing levels of domestic violence and anti-social behaviour and tackling crime in the community. Safer Ryedale – the community safety partnership - responds to the needs of our community through shared intelligence and deployment of joint resources.

### **Aim 5 – To Transform the Council**

We need to ensure that we understand our communities and deliver improvement in the areas which will make the greatest difference in the quality of life of people in our communities. We need also to target our resources on those who are in the greatest need, whilst ensuring that we deliver high quality services which represent good value for money for the taxpayer. The Council faces significant challenges in balancing its budget over the next 5 years, with savings in the region of £500k needing to be realised in 2016/17 and it is anticipated that since launching the one 11 programme the Council will have saved over £4 million by 2020. The Council will be required to make a saving of between 6% and 7% on the revenue budget of £6.8 million to achieve a balanced budget in 2016/17.

Because of the rural nature of Ryedale inequality and disadvantage can occur in small pockets within any community. We need therefore to be innovative in the way we deliver our services and that they can be accessed. Ryedale is fully parished with 100 parishes, 5 town councils, 66 parish councils and 29 parish meetings. The level of turn out at elections is consistently high, we will continue to support local democracy and encourage participation in civic life. The election turnout in May 2015 was 69.4% with 42,241 registered to vote in Ryedale.

**RYEDALE  
DISTRICT  
COUNCIL**

**The Council's vision for Ryedale is of a place**

where all residents can enjoy a good quality of life, with strong, prosperous and welcoming communities

**The Mission of the Council is**

working with you to make a difference

## **Council Priorities 2015-20**

**Aim 1: To provide employment opportunity and create the conditions for economic success in Ryedale**

### **Strategic Objective 1:**

Place of opportunity – to have the economic structure and supporting infrastructure in place

### **Strategic Objective 2:**

Opportunity for people – increasing wage and skills levels through the provision of more and better jobs.

**We will do this through the development of sites and premises, physical infrastructure and business support and increasing levels of wages and skills in the workforce.**

Our priority activities will include:

- Identifying sufficient sites for industrial, business and retail use
- Improving the vitality of Malton as a retail centre
- Improving the infrastructure and strengthening the role of the market towns
- Serving the needs of local businesses in a changing economic climate
- Helping people to acquire the skill they need to access employment opportunities
- Paying the right benefit to the right people at the right time
- Contribute to securing the best deal for devolution for Ryedale, North Yorkshire and York and the East Riding
- A64 upgrading:

- With Highways England – Hopgrove to Barton Hill
- With NYCC/SBC and the LEP – Crambeck to Malton / Norton to Scarborough
- Growing agri-food sector
  - Working in partnership with Fera, University of York and Stockbridge on a network of bio-economy growth sites
  - Growth at Fera site – 800 jobs – national agri-food innovation campus – with investment of £8.3m from Local Growth Fund
  - Malton Food Enterprise Zone including the new livestock market and investment of £2.1m Local Growth Fund
  - Y&NY LEP ambition is to be the global leader in food, agri-tech, and bio-renewables
- Supporting growth of our engineering sector linked to the Potash scheme
  - Kirkbymoorside campus
  - Strengths of Derwent Training
- Using planning to support appropriate growth eg allocating employment land
  - Expansion of Thornton Road Industrial Estate, Pickering
- Communicate with businesses and understand where council can help
- Funding apprenticeships and linking skills with employer needs
  - Ryedale Employability Partnership

The Challenges for 2015/16 are:

- To have the Community Infrastructure Levy scheme examination in autumn 2015.
- To build a business case and secure implementation of major projects in the Ryedale Economic Action Plan, including securing Local Growth Fund and LEP support, to include FERA, A64 improvements and Malton AgriBusiness Park, and other projects to meet the needs of market towns and villages
- To have the sites document ready for examination and the Helmsley Development Plan Document adopted to compliment the LDF
- To establish the Malton Food Enterprise Zone and a network of bio-economy sites around York
- To continue to seek to secure a sustainable future for the Milton Rooms
- Brambling Fields – assess and introduce traffic management measures to make effective use of the improved junction
- Progress initiatives to improve the skills match between the local workforce and the needs of local employers, including apprenticeship schemes and expanding the employability partnership.

## Aim 2: To meet housing needs in the Ryedale District Council area

### Strategic Objective 3:

To change and add to housing stock to meet the local housing needs

### Strategic Objective 4:

To support people to access a suitable home or remain in an existing home

**We will achieve this through the provision of additional affordable and specialist homes and the adaptation of existing homes and by supporting people to access a suitable home or remain in an existing home with support services provided.**

And our priority include:

Affordability and the supply of homes

- Work with partners to increase the supply of good quality new housing across all tenures and locations (in line with Local Plans/site allocations).

Our geography

- Ensure that our housing stock reflects the needs of urban, rural and coastal communities

Changing demography

- Ensure that our housing stock meets the diverse needs of our communities at all stages of their lives

Quality of our housing stock

- Via policy guidance and negotiation, ensure new homes are of high design and environmental quality
- Continue to ensure that we make best use of our existing stock and that it is of a decent quality and meets the needs of our communities
- Ensure all homes have a positive impact on health and well being and are cheap to run

Homelessness and specific needs groups

- Continue to reduce homelessness
- Ensure Housing is allocated fairly and on the basis of need
- Provide appropriate housing and support for those with specific housing needs

### The Challenges for 2015/16 are:

Affordable Housing Delivery:

- To maintain delivery of new affordable homes in the current economic climate and deliver more than 375 affordable homes by 2020. Developments on site or with permission are expected to deliver around a further 200 additional affordable units during 2015/16 and 2016/17.

- The LEP have identified a stretch target of 250 new homes for Ryedale a year for the next 5 years, whilst also maintaining a 5 year land supply, in line with government policy. Recent experience has demonstrated that the most effective form of delivery of affordable homes is through the delivery of market led housing schemes – in order to maintain new housing supply, permissions need to be granted to developers for major housing schemes.
- Maximising income from New Homes Bonus through permissions for new housing and reducing numbers of empty homes.
- Preparation of LDF Sites Documents for publication in 2015
- Helmsley Plan to be published, examined and adopted by December 2015
- Maximise opportunities to support housing delivery through funding initiatives such as Local Growth Fund, Get Britain Building
- Thoroughly investigate innovative ways of building and local delivery of affordable homes in Ryedale.
- CIL examination and links to Housing and infrastructure by the end of 2015

Ensuring that our housing stock reflects the needs of the Ryedale communities across all areas

- Continue to support the work of the Rural Housing Enabler Network and RHE Team
- Address the needs of housing markets including tackling poor quality private housing
- Reducing the number of empty properties in the District and maximising income from New Homes Bonus

Ensuring that our housing stock meets the diversity of needs of our communities at all stages of their lives

- Increase the number and range of homes suitable for our ageing population
- Increase the number and range of homes suitable for working age households, particularly first time buyers, to enable mixed and sustainable communities

Through policy guidance and negotiation ensuring new homes are of high design and environmental quality

- Work closely with house builders, land owners and registered providers to communicate aspirations and needs around quality and design
- Promoting grants and loans schemes and service available to improve private sector housing stock

Continue to make best use of existing stock and ensure it is of a decent quality to meet the needs of our communities

- Develop and maintain an understanding of the condition of existing stock
- Identify and use opportunities to redevelop existing residential or commercial stock for new housing

Ensure all homes have a positive impact on health and wellbeing and are affordable to run

- Continue to deliver investment in Energy Efficiency
- Reduce the impact that poor housing has on health and wellbeing

Continue to reduce Homelessness:

- Reduce homelessness through prevention
- Reduce the use of and improve the quality of temporary accommodation
- Reduce the incidence of youth homelessness
- Improve access to support services
- Managing the impact of changes to the welfare benefits system on vulnerable residents

Ensure Affordable Housing is Allocated Fairly and on the Basis of Need

- Support the sub regional Choice Based Lettings approach and local solutions were appropriate

Provide appropriate Housing and Support for those with Specific Needs

- Identify new and improved opportunities to provide housing and support for households with specific needs  
Support the needs of Gypsy, Roma, Traveler and Showmen
- Continuing the good practice and joint working across the sub-region

### Aim 3: To have a high quality, clean and sustainable environment

#### Strategic Objective 5:

Reducing waste - sustain existing high levels of dry recycling, promotion of home composting and monitoring the impact of charging for green waste

#### Strategic Objective 6:

To protect and improve the quality of our local environment

**We will achieve this through the reduction of CO2 emissions and planning to adapt to climate change and improving the quality of our local environment**

Our priority activities will include:

- Reducing levels of CO2 emissions from our own operations
- Increasing the rate of recycling and reducing the amount of waste collected
- Reducing the amount of trade waste sent to landfill sites
- Designing for the environment
- Ensuring that future developments are in the right locations
- Avoid inappropriate development in flood risk areas and managing the risk of future flooding
- Improving street and environmental cleanliness
- Improving levels of local biodiversity
- Encouraging communities to manage their local environment

#### **The Challenges for 2015/16 are:**

- Encourage the increased take up of home composting as the first stage in the councils waste prevention hierarchy.
- To maintain the level of Garden Waste subscriptions at or above 46%.
- Maintain the percentage of dry recycling collected with the consequential reduction in waste sent to landfill.
- Reviewing waste collections, targets and tonnages following implementation of our sustainable policy to charge for green waste.
- Respond to changes in the public health system to ensure that there is the capacity to meet local needs influencing better care fund and integration, managing

the impact for Ryedale

- Continue to work to alleviate pockets of flooding in Ryedale, working in partnership with other agencies to address problems in market towns and villages and contributions towards pumping stations
- Progressing the development of the York and North Yorkshire Waste Partnership.
