

- Notes:
- If this drawing has been received electronically it is a working drawing and should not be printed for use on site.
 - This drawing should be read in conjunction with the relevant survey and site plan. Should there be any conflict between the points indicated on the drawing and those indicated on other drawings Morgan Tuckor should be informed (P10) by email on the date.
 - All dimensions are in meters unless otherwise stated.
 - Unless technical approval has been obtained from the relevant authority, it should be understood that all drawings issued are preliminary and not for construction.
 - All works to be confirmed on site prior to construction. However, full topographical survey & drainage levels survey information and correct existing ground levels to be used.
 - OS data is reproduced by permission of Ordnance Survey on behalf of Her Majesty's Copyright 2015. All rights reserved. Ordnance Survey Licence number 100062511.
 - All works to be in accordance with the North Yorkshire County Council's Specification for Housing and Industrial Estate Roads and Private Street Works Second Edition.
 - It is the contractor's responsibility to determine the location and depth of existing services prior to construction. The contractor should bear full responsibility for any damage to existing services. All road markings shall accord with traffic signs and road markings in force under the Traffic Signs Manual.
 - All road markings shall be applied throughout the proposed temporary and permanent works areas.
 - Application of road markings shall be in accordance with BS 6754.
 - All road markings shall be reflected by means of reflective glass beads in accordance with BS EN 1423.
 - The exact position of all markings shall be no less than 45.
 - All existing road markings are to be permanently removed over the area of proposed temporary and permanent road markings, the signs of which shall be agreed with the sign.
 - All existing existing road markings within works area are to be re-applied.
 - Existing traffic signs, signs and street lighting columns and associated equipment which are to be removed or replaced shall be removed and to be replaced with no longer required, the signs of which shall be agreed with the sign.
 - Exact location of traffic signs to be agreed on site with the approving authority Inspector and Project Manager before installation.
