Hi,

The PC considered the above application at our meeting of 13th June and I would advise you accordingly.

- The PC believe that this was a blatant failure to comply with approved planning conditions
- To this end it should not be allowed to succeed
- Accordingly the PC have previously applied for an Enforcement Order and an Officer has been allocated.
- Without a doubt the cedar clad garage is far inferior to the stone building originally requested
- It stands out like a sore thumb and is an eyesore
- More especially as it is located in one of the most visually attractive areas of the village

Accordingly the PC continues to object to the regularisation of this building.

Regards
