Dear Madam,

Former NAAF site

RE Application 09/00369/FUL -----APPLICANT Mr. R Smallwood

With reference to the above planning application which has been submitted, we would like our concerns to be noted whilst you consider the application.

My husband and I recently purchased the farm house and land at Wombleton Grange for the very fact that the land surrounding our property was agricultural and white land and therefore would not be subject to the development of housing. We were advised that the pre-fabricated dwellings which form part of the above application were subject to section 52 agreement, therefore should have but would be demolished as the agreement requires.

We therefore feel that the above application is not justified and request that our objection be noted. We strongly feel that should any development be considered further we should be represented. Also, under no uncertain terms should the proposed dwelling have windows facing onto our property/land or be positioned within the site that would enable views over our property/land whatsoever.

Yours faithfully,
