Please summarise your project (100 words maximum)

Swinton band offers free tuition, instrument loan and uniform to all our members. We have a training band and ages range from 7 to 74. We require a baby eflat bass for the children who would like to learn, because the normal size bass is far to large for Youngsters we offer opportunites for all , including people with learning difficulties and families on low income. The learns band is run by volunteers and they meet every friday evening to support individuals to meet their own goals, all we ask is their commitment

Why is the project needed?

We have 20 learners at the moment and we try and teach people on the different instruments we have round the band , the only one we cant teach at the moment is the eflat bass as this is far to large for the young people to play.

Please give details of any consultation undertaken in planning your project with either the wider community or target audience for the project eg parish plan or questionnaire

we have been asked by the youngsters wanting to learn to play the bass, cant we get a smaller one

Please indicate how you will measure the success and impact of your project

The learners bandmaster decides which instrument would best suit each player. If we can teach a new starter to play the bass thy can eventually fill a place in the main band.

How does your project meet the priorities of the Council?

The project meets the council ames to enchorage active and safe communities by providing a safe and productive learning enviroment for young people in the local and wider community to partisipate in musical activities and learn new skills

Please give details of any special fundraising activities for the project

we hoped you might fund it all as its under £700.00
