infrastructure  Capitalising on our culture, leisure and tourism opportunities  Managing the environment of Ryedale with partners  Enabling provision of housing that meets existing and anticipates future need  Minimising homelessness, improving the standard and availability of rented accommodation and supporting people to live independently  Customers and Communities:  Helping our partners to keep our communities safe and healthy	Pro	society. ject
Promoting a strong economy with thriving businesses and supporting infrastructure  Capitalising on our culture, leisure and tourism opportunities  Managing the environment of Ryedale with partners  Enabling provision of housing that meets existing and anticipates future need  Minimising homelessness, improving the standard and availability of rented accommodation and supporting people to live independently  Customers and Communities:  Helping our partners to keep our communities safe and healthy  Supporting communities to identify their needs, plan and develop local solutions and resilience  Section 106 Grants:  Does this meet with the section 106 planning agreement description for the parish?  Which ward or parish is affected?  Ampleforth Ward and the surrounding parishes/Villages.  Which communities of interest are affected?  A diverse range of ages and abilities in the community are affected as the proposed lectures are well planned to be inclusive and specialist in turn. The organisation attracts new speakers and subjects yearly, and has been established for a long time. It organises different seasonal events, for example themed historical events and a medieval banquet was recently enjoyed by many from the village, plus outings to places of interest/historical significance such as the archeological site at Yearsley Mill/wood.  Does the project respond to a clearly defined need? How is this evidenced?  The project does respond to a clearly defined need as this equipment is essential in the over all success of the deliverance of the lectures by visiting speakers, and in attracting new speakers by offering them this facility, thereby equating the need for the visitors to bring their own equipment, or to be let do by a lack of equipment that cannot be offered to attract the visitors to the group.  Does the project have community support? How is this evidenced?  They have held discussions with the community at the Welcome Meeting for new and old residents last November, asked new and present residents what	Doe	es the project support delivery of the Councils aims? (Please tick all that apply)

Committee as the society holds the lectures here and is seen as being the hub

of the village's on going social/leisure and education programme.

17a Is a robust project plan in place?

	Yes. The proposed equipment will enhance and strengthen the Historical Society, and will bring it in to the 21st Century, ensuring it's survival for future generations. It will allow the group to grow and evolve with the community it is very much a part of and well established.
17b	Flood grants only: Is there a community resilience plan in place?
18	What are the objectives of the project and what impact will it deliver?  The objectives are to purchase a laptop/projector plus soft ware that will belong solely for the society's use and will allow them to lend out to visiting speakers and groups. This purchase will enable them to invite a wider range of speakers and by this modernisation will ensure the continuation of the society.
19	Is the project budget accurate and reasonable, with a realistic plan for securing match funding?  The project budget is reasonable and accurate, they have looked at various equipment and chosen pieces that will be the most suitable for their use in the community.
20	Is the funding package verified?
	Yes. The organisation is well managed and supported.
	Long term viability and running costs
21a	Is the project expected to continue beyond the term of any funding awarded by the council
	YES ⊠ NO □
21b 22	For capital projects is there a clear and realistic projection of income for the future maintenance of the facility – a business plan?  Yes. They have enough in their budget through membership lecture fees and planned events to ensure maintenance and upkeep.  Comments on the financial situation
<b>22</b>	
00	Healthy and sustainable outlook.
23	Are there any outstanding planning or technical issues?
24	No Any other outstanding concerns or issues?
24	Any other outstanding concerns or issues?  Originally application came in as a S106 request but falls within CG as doesn't qualify under the wording of S106 Ampleforth agreements. This has been changed to a Community Grant application
25	How will the project be monitored and evaluated?
	Through the increase in membership and attendance at the meetings.
26	Do you deem this project to be viable and deliverable?
	I deem this project to be viable and deliverable, and the purchase of this essential equipment will allow this well established historical Society to go from strength to strength, and allow it to adapt to the changing demands of future generations in the Community.
