Barclays Bank PLC, Yorkersgate, Malton, North Yorkshire

4 Project Details

Postcode

Where will the project take place

Malton

When is the project expected to:

Start

asap

Finish

October

Please summarise your project (100 words maximum)

Purchase of an additional pump for Malton and Norton to be utilised in the event of low level flooding, particularly in the areas of Old Malton and Castlegate who have been seriously disrupted over the last 20 years due to flooding. Many of the houses are still being flooded due to having no permanent flood pumps in place. Since the defences which have been installed to defend against river flooding, houses are now susceptible to ground water flooding and can occur for many weeks. Therefore a super silent pump will be deployed in residential areas help alleviate against this.

The economic welfare of both towns is put in jeopardy, chaos is caused when major roads and County Bridge are closed. Malton and Old Malton grind to a halt during the floods. Residents are being left in hardship and distress.

Malton Town Council will work with the Norton Town Council and NYCC Community Resilience Team to create an Emergency Action Group who will maintain the equipment and fund raise to ensure sustainability and adopt a Community Resilience Plan for Malton and Norton. The Emergency Action Group will receive regular certified training to assist with the deployment of the pump to ensure all volunteers and staff are confident with regard to their role.

Why is the project needed?

Flood risk from the main river in Malton, Norton and Old Malton is currently managed through operation and maintenance of the River Derwent flood defences, an additional pump will aim to reduce stress and disruption within the community. The Town Council

Please give details of any consultation undertaken in planning your project with either the wider community or target audience for the project eg parish plan or questionnaire

Malton Town Council have consulted with partner agencies ie RDC (Delivery & Front Line Services Lead), Owen Davidson (Street Scene Mechanic) and Jo Kent (Street Scene Senior Supervisor) and NYCC Resilience & Emergencies Team regarding the

Please indicate how you will measure the success and impact of your project

The 5,000 residents of Malton and Norton and local businesses would benefit from an additional pump and the creation of a Emergency Action Group. The Emergency Action Group will receive regular certified training to assist with the deployment of the

How does your project meet the priorities of the Council?

Supporting communities to identify their needs, plan and develop local solutions and resilience

Please give details of any special fundraising activities for the project

A funding contribution of £2,500 as been secured from the NYCC Member Locality Budget. The Town Council have allocated £2,500 of their own funds. Malton Town Council staff will assist with the maintenance of the equipment.

5 For capital projects only

Is planning permission required?

Yes No
