Subject: Below planning application

Application no 17/00811/HOUSE. Mr S Gridley. Erection of single storey extension to form workshop and double garage, erection of covered porch, rebuilding and extension of existing garage to form summer room and raising of roof pitches to north elevation following removal of dormer window. (revised details to approval 15/01469/HOUSE dated 9/2/16) part retrospective application. High Bank, High Street, Wombledon.

I have been asked to write to you by the Parish Council, to pass on the number of objections they have received from residents about this application, mainly on the lines that it has been carried out without permission and that the work done bears little resemblance to the plans submitted.

Regards

Paul Ashley

Clerk
