Subject: Planning Application 17/01534/FUL - Vehicular Access onto Chapel Road

Dear Ms Hood

Settrington Parish Council objects to the proposal to reinstate the vehicular access on Chapel Road to South View Plot 1, on the basis that it is too close to the right-angle bend and junction, with insufficient sight lines, on the busy main road with much HGV traffic, which is narrowing towards the single lane bridge.

Councillors recall that, at the time of the initial planning proposal for the site, NYCC Highways Dept. used the above rationale to insist that this access be closed in favour of the new one opened up on Forkers Lane.

Yours sincerely,

Bruce Skinner

Clerk to Settrington Parish Council
