Subject: 18/00238/MFUL Sandburn Hall Ltd

Dear Ms Hood

Apologies for the late reply to this application which I have only just received back from one of our Parish Councillors.

The Parish Council would like to make the following comments:

Disposal to the mains sewer could overload the struggling existing works.

Surface water drainage should be to balancing lake and not direct to the beck

Did the ecological survey not mention Great Crested Newts or the presence of badgers in woods?

Regards

Hannah Wilson
Clerk to Flaxton Parish Council
