

**From:** Pickering Town Council

**Sent:** 24 May 2018 12:02

**To:** Development Management

**Subject:** 17/01536/MFUL - the proposed Persimmon development on land south of Firthland Road - amendments

The council made no comment about the proposed increase in the number of four bedroom dwellings and decrease in the number of two bedroom dwellings. One member spoke favourably of the revised layout. Another member stated that there wasn't anything in the new paperwork that had led him to believe that the council should support the development. Another member referred to the council's preference that sites at Whitby Road and Malton Road and not Firthland Road should be developed for housing.

Andrew Husband
