Appleton-le-Moors	I have a disability and have used the postal vote for several years now and it works very well. So I recommend that those with limited mobility, and those in rural places should all be able to use a postal vote. However, we do need information about those wishing to be elected. This information is not easy to find in one place, so can the local council gather together this valuable information about the candidates and put it in a specific section on their website.	No changes required. Details of nominations are published on the Council's website. The Council is not allowed to promote candidate/party information.

Farndale West	The Village Hall is being rebuilt and it is recommended that this continued to be used as the polling station. It is not yet confirmed if the rebuild will be completed in time for the 2019 elections and if the venue is not available The Band Room can be used as a temporary alternative.	No changes required. Officers have delegated powers to put in place temporary arrangements if the rebuild is not completed.

Hawnby	The access in the Village Hall at Hawnby, where polling takes place, is up a long steep flight of steps. Would it be possible to provide a ramp for the day to aid access to everyone?	No changes possible. Unfortunately it is not possible to safely provide a ramp in this location. It is considered preferable to maintain a polling station at Hawnby, rather than relocate electors to any more accessible neighbouring polling station. Any elector may apply for a postal vote or a proxy vote if they are unable to attend the polling station.

Kirby Misperton	On behalf of the Community of Kirby Misperton as Clerk to the Council I would like to commend the use of the current Village Hall as continued polling station due to ease of parking, access (both for disabled and able bodied) and convenience for the poll area.	No change.

The Memorial Hall has sufficient space for this arrangement, whereas space at The Moorside Room would be more limited and the kitchen is also in the main room, which is not ideal.</p>
