Subject: Planning Application 21/00001/HOUSE

Good afternoon

Beadlam Parish Council would like to make the following points regarding planning application 21/00001/HOUSE

The extension its self is too large for the site

All other developments within The Orchards have had to be of stone, so we feel that the stone from the existing rear wall should be utilised in the new build.

The council feel that this extension will look out of place due to size and materials chosen.

I have spoken to the planning dept. already as the properties immediate neighbour is still stuck between house moves in Derbyshire, we have tried to get in contact with them hopefully they will contact the planning dept. direct.

Many thanks

Sandra Thurlow

Beadlam Parish Council
