

**Planning application 21/01461/FUL**

**Land At OS Field No 2000 Flatts Lane Wombleton Kirkbymoorside North Yorkshire**

**Change of use of land for siting of 3no. glamping pods, car parking with bbq/external seating area and erection of office/reception and stores building following demolition of former stables together with provision of 'wild' swimming pool, existing storage container to be retained**

---

With reference to the above application, Wombleton Parish Council has been made aware of an objection submitted by a number of Wombleton residents.

Council feel that Wombleton is a small village with no amenities. Over the past few years, planning applications have been approved for a number of holiday homes in the village. Council feel that the village is now at saturation point with these and that any more holiday properties will stretch local roads and facilities to breaking point.

Whilst we understand that there are few planning issues that we can object to, (noise, health and safety etc we realise will be considered by the panel), it is the expansion of tourism into a small rural village that we find worrying. We would, therefore, ask that this application is considered with this in mind and the extra traffic impact that will be caused by this facility to local residents, on what are very narrow roads.

Paul Ashley (Clerk) on behalf of Wombleton Parish Council
