

# ANNUAL GOVERNANCE STATEMENT 2014/2015

## 1. Scope of Responsibility

The Authority is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Authority also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the Authority is also responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which includes arrangements for the management of risk.

## 2. The Purpose of the Governance Framework

Corporate Governance is the system by which local authorities direct and control their functions and relate to their communities. The framework for corporate governance recommended by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) identifies three underlying principles of good governance, namely:

- Openness and Inclusivity
- Integrity
- Accountability

The principles of corporate governance should be embedded into the culture of each local authority. Furthermore each local authority has to be able to demonstrate that it is complying with these principles. To achieve this, the framework document recommends that all local authorities should develop a local code of corporate governance, comprising the following elements:

- Community Focus
- Service Delivery Arrangements
- Structures and Processes
- Risk Management and Internal Control
- Standards of Conduct

The Authority has formally adopted a local code of corporate governance, consequently the principles and standards contained in the framework document are recognised as good working practice, and hence are supported and followed. To this end both Officers and Members have had externally provided training to ensure governance arrangements are understood and embedded. This Statement forms part of the overall process within the Authority for monitoring and reporting on the adequacy and effectiveness of the corporate governance arrangements, particularly those in respect of risk management and internal control.

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on a continuous process designed to identify and prioritise the risks to the achievement of the Authority's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be

# ANNUAL GOVERNANCE STATEMENT 2014/2015

realised, and to manage them efficiently, effectively and economically. This has been in place within the Authority for the year ended 31 March 2015 and up to the date of approval of the Statement of Accounts.

## 3. The Governance Framework

The requirement to have a governance framework, incorporating a sound system of internal control covers all of the Authority's activities. The internal control environment within the Authority consists of a number of different key elements, which taken together contribute to the overall corporate governance framework. The key elements of internal control within the Authority consist of

### ***Policies and Guidance:***

Specific policies and written guidance exist to support the corporate governance arrangements and include:

- The Council's Constitution, including Financial Regulations, Procurement Regulations and Contract Standing Orders
- Codes of Conduct for Members and Officers
- The Corporate Plan
- Medium Term Financial Plan
- Member and Officer Schemes of delegation
- Registers of interests, gifts and hospitality
- Corporate policies, for example those relating to Whistleblowing and Counter Fraud and Corruption
- Asset Management Plan/Capital Strategy Statement
- Strategic Risk Register
- Council Procurement Strategy

### ***Political and Managerial Structures and Processes***

The Authority is responsible for agreeing overall policies and setting the budget. The Policy and Resources Committee is responsible for decision making within the policy and budget framework set by the Council. The Authority's Corporate Management Team has responsibility for implementing Authority's policies and decisions, providing advice to Members and for co-ordinating the use of resources. The Corporate Management Team meet regularly and the Committees usually every two months. Both the Committees and the Corporate Management Team monitor and review Authority activity to ensure corporate compliance with governance, legal and financial requirements. In addition, the Authority has scrutiny arrangements, through the Scrutiny and Audit Committees that include the review of policies, budgets and service delivery to ensure that they remain appropriate. A forward plan detailing the main work of Committees over the next year has been devised to ensure decisions are taken in a timely manner. Urgent items will be debated as appropriate.

The Authority has developed a process that is intended to reflect political and community objectives as expressed in the Community Strategy ("Imagine Ryedale") covered and acts as a basis for corporate prioritisation. The process has identified

# ANNUAL GOVERNANCE STATEMENT 2014/2015

the Authority's corporate aims together with a number of associated objectives. These will be reviewed annually to ensure that they continue to meet the needs of the community. The Authority has linked the performance management process across all service areas to provide an integrated performance management system. Each service has developed a performance improvement plan as part of their Service Delivery Plan showing how that service will work to achieve the Authority's objectives.

## ***Financial Management***

The Finance Manager (s151 Officer) has the overall statutory responsibility for the proper administration of the Authority's financial affairs, including making arrangements for appropriate systems of financial control. The Authority operates within a system of financial regulations, comprehensive budgetary control, regular management information, administrative procedures (including the segregation of duties) and management supervision.

The Finance Manager (s151 Officer) is a member of the Authority's Corporate Management Team, and is directly responsible to the Chief Executive. The Authority is therefore fully compliant with the requirements of the 2010 CIPFA/SOLACE Application Note to Delivering Good Governance.

## ***Compliance Arrangements***

Monitoring and review of the Authority's activities is undertaken by a number of Officers and external regulators to ensure compliance with relevant policies, procedures, laws and regulations. They include:

- The Chief Executive Officer
- The Finance Manager who is the s.151 Officer of the Authority and the Chief Finance Officer (CFO)
- The Monitoring Officer
- The Heads of Service
- The External Auditor and various other external inspection agencies
- Internal Audit (provided by Veritau North Yorkshire Limited from 1 April 2012)
- Finance Officers and other relevant service managers

## ***Value for Money***

Through reviews by external auditors, external agencies, internal audit and the Financial Services Manager the Authority constantly seeks ways of ensuring the economic, effective and efficient use of resources, and securing continuous improvement in the way in which its functions are exercised.

## ***Risk Management***

The Authority has adopted a formal system of Risk Management. This is effectively delivered through widespread use of Covalent, the Authority's Performance and Risk Management software. Although responsibility for the identification and management of risks rests with service managers, corporate arrangements are co-ordinated by the Heads of Service Group. The process serves to ensure that:

# ANNUAL GOVERNANCE STATEMENT 2014/2015

- The Authority identifies, prioritises and takes appropriate mitigation for those risks it identifies as potentially preventing achievement of the Corporate and Community Plan
- The Authority's assets are adequately protected
- Losses resulting from hazards and claims against the Authority are mitigated through the effective use of risk control measures
- Service managers are adequately supported in the discharge of their responsibilities in respect of Risk Management

The system of Risk Management requires the inclusion of risk evaluation assessments in all Committee reports and the maintenance of a corporate risk register. Relevant staff within the Authority have received training and guidance in Risk Management principles.

## ***Internal Audit & Fraud***

The Authority operates internal audit and internal (non Housing Benefit) fraud investigation functions. From 1 April 2012 internal audit and counter fraud services have been provided by Veritau North Yorkshire Limited – a company partly owned by the Authority. Internal audit services are provided in accordance with the Accounts and Audit Regulations 2011 and the CIPFA Code of Practice for Internal Audit in Local Government. An annual programme of reviews covering financial and operational systems is undertaken, to give assurance to Members and managers on the effectiveness of the control environment operating within the Council. The work of internal audit compliments and supports the work of the external auditors (Deloitte LLP for 2014/15). In addition, internal audit provides assurance to the Finance Manager as the Authority's s.151 Officer in discharging his statutory review and reporting responsibilities. The Authority also undertakes an annual review of the effectiveness of its internal audit arrangements as required by the Accounts and Audit Regulations. The results of the review are reported to the Overview & Scrutiny (Audit) Committee.

Internal audit also has an advisory role that provides:

- Advice and assistance to managers in the design, implementation and operation of controls
- Support to managers in the prevention and detection of fraud, corruption and other irregularities

Housing Benefit Counter Fraud work is undertaken within the Benefits Office through contractual arrangements with Veritau. A pro-active approach is taken to supplement referrals, both internal and external, with any leads arising from participation in the National Fraud Initiative, the Housing Benefits Matching Service, and internal data matching.

## ***Performance Management***

The Authority has established effective performance management arrangements. The Chief Executive has overall responsibility for the function and the Corporate Management Team undertakes an ongoing monitoring role. Heads of Service and their Service Unit Managers are expected to deliver improvements or maintain performance standards where appropriate. The Covalent performance management system is used to record and monitor performance.

# ANNUAL GOVERNANCE STATEMENT 2014/2015

## 4. Review of Effectiveness

The Authority has responsibility for conducting, at least annually, a review of the effectiveness of its systems of internal control. In preparing this Statement a review of corporate governance arrangements and the effectiveness of the Authority's systems of internal control has been undertaken, by the Corporate Management Team. This review has included consideration of:

- Reports received from the Authority's external auditors and other inspection agencies
- The results of internal audit and fraud investigation work
- The views of senior managers, including Chief Executive, the s151 Officer and the Monitoring Officer
- The work of the Heads of Service Group in compiling the Authority's Corporate Risk Register.
- Outcomes of service improvement reviews and performance management processes
- Compliance with the CIPFA Statement on the role of the CFO

In addition, the Authority through its Committees especially the Scrutiny and Audit Committees considers corporate governance issues as they arise throughout the year and agree recommendations for improvement as necessary.

A comprehensive review has been undertaken to support the preparation of this AGS document as required by the Accounts and Audit Regulations 2011. The Authority has produced a detailed statement along with a targeted action plan to ensure that full compliance is achieved. This has followed the best practice framework suggested by CIPFA and adopted by the Authority. An action plan schedule has been produced to ensure compliance and a list of those Officers having responsibility is available.

An Action Plan is appended which identifies and notes progress with previous year's matters of concern, and includes those arising from this year's review. The Annual Governance Statement for 2015/2016 will provide details of the work completed against this Plan.

We have been advised on the implications of the results of the review of the effectiveness of the system of internal control by the Overview & Scrutiny (Audit) Committee, and a plan to address weaknesses and ensure continuous improvement of the system is in place.

## 5. SIGNIFICANT INTERNAL CONTROL ISSUES

A review of the internal control arrangements in place within the Authority has identified areas where improvements could be made. Specific actions are proposed to address the issues identified. Attached is the action plan for 2014/2015 incorporating those issues brought forward from the previous plan, which are still outstanding.

The Authority will continue to seek to improve performance and take action on agreed recommendations by both internal and external agencies.
