hi

Application: 18/00326/FUL  
Applicant: Punch Taverns Ltd (Wayne Hunt)  
Description: change of use for part of land to rear of public house to a caravan/camping site for touring caravans and tents on 6 individual plots.  
Location: Providence Inn Main Street, Yedingham, Malton YO17 8SL.  
Expected decision level: delegatable decision.

This was discussed at a Council meeting on 14th May 2018 The councillors have no objections to the current planning application for 6 caravans or tents.

The problem is there is still a static caravan on the site with no planning permission and currently there are 9 caravans on the site.

There are 3 on the north field which is not part of this planning application which have now been there for several months.

The Parish Council is concerned that the owners do not seem to worry of they have received any planning permission or not.

Thanks

Lesley
