Hello

Application: 18/00326/FUL  
Applicant: Punch Taverns Ltd (Wayne Hunt)  
Description: change of use for part of land to rear of public house to a caravan/camping site for touring caravans and tents on **6 individual plots.**  
Location: Providence Inn Main Street, Yedingham, Malton YO17 8SL.  
Expected decision level: delegable decision.

Please see comments from the Parish Councillors below

The static Caravan is still in situ. There is no current building work happening at the pub.  
The number of caravans etc, is way beyond the number applied for, this gives an indication that there may be no intention of change in a positive direction. The only change noticed as the glaring flood lights have been less in evidence lately.  
There are still sandwich boards blocking the pavement.

They would be interested in your comments please. We have a Parish Council meeting on the 9th July.
