The towns are ideally situated between York and Scarborough making them a popular choice for community living and visitors alike.

Objective

The development of a joint Neighbourhood Plan for Malton and Norton is being facilitated by Malton and Norton Town Council's with help from volunteers across the community. Both Town Council's believe that this is a real opportunity for the community to have some ownership on future planning policy for the parish.

As Ryedale's principal towns, we aspire to promote appropriate growth and opportunity in a high-quality environment. We are proud of Norton and Malton's heritage, both of archaeological value and of more modern origins. We wish to support culturally rich and vibrant opportunities, including improvement of existing services and the development of new facilities.

Through the creation of the Plan, local people will have the opportunity to help shape future policies for land use and the scale of development; such as where new homes, shops, offices, employment sites should be built and what they should look like.

The Neighbourhood Plan for Malton and Norton will cover the parishes of Old Malton, Malton, Norton East and Norton West, with the parish as identified on the map overleaf. Subject to passing the formal tests, a local referendum and examination, the Neighbourhood Plan will become part of the local planning framework.
