

Ryedale District Council Licensing Dept.,  
Ryedale House,  
Old Malton Road,  
Malton UK 7017 7HH

Ref. notice BRA1158451 White Rose Club Flaxton York. (WRC)

INCLUDING ALCOHOL LICENCE

To whom it may concern

Objections against above licence application as follows:-

- 1) Will create more traffic down Cross Lane,- a single track causing residents and farmer more inconvenience.
- 2) Much more noise - already have to endure shouting and shrieking from members/visitors whilst playing "games" around the pool.
- 3) Already have some come speeding down lane with radios on full blast - noise continues while waiting at gates WRC to enter- deafening!
- 4) Our property is directly in front of WRC and we get the full blast from noise, Approx. 200yds.
- 5) If granted this will mean music on full blast on most nights/ weekends as events are on a regular basis including anniversaries, birthdays, all bank holidays etc. plus all other events i.e scarecrow trail, french breakfast, open day etc. Cross Lane is a very quiet low lying area all sound resonates at a higher volume than normal. Our house shakes when they have music on!
- 6) Why is this open to the public when it is a naturist club? 24hrs a day?

Enclosed - list of just a few examples of extreme music/noise bouncing from WRC

May 25th 2018 music bouncing from WRC - 11.30pm finished our house was vibrating!

June 9th 2018 WRC had open day music absolutely deafening.

April 6th 2019 car coming into WRC radio absolutely blasting down lane & into WRC.

May 23rd 2019 sun seekers weekend - kids been shouting and screaming up and down entrance and inside WRC most of afternoon.

I would appreciate your attention to my questions and objections thank you
