123 Response to Motion to Council and Consultation on Proposed HCV Restriction

Considered – report of the Programme Director of Economic Development, Business and Partnerships

Recommendation

It is recommended to Council that:

- (i) The Council welcomes the commitment from North Yorkshire County Council to undertake work to develop proposals for a junction that allows for all-direction movements between York Road and the A64, near the western end of the Malton Bypass. It is understood that the intention is to develop proposals to a stage whereby bids for funding the junction could be submitted at short notice.

Further, officers will continue discussions with colleagues at North Yorkshire County Council with the aim of identifying options and developing proposals for a junction or slip roads between Broughton Road and the A64.
- (ii) Council approve a suggested response to the County Council's consultation stating that the only way to solve the HCV problem in Malton is to deliver infrastructure
