Subject: Planning Applications

Afternoon

Rillington Parish Council have consider three application as below:-

20/01220/OUT (Revised application) public opinion is strongly against this application due to the site being opposite the entrance to Sledgate. There is an existing ongoing problem with parked vehicles blocking Low Moorgate which will be made worse by the development. There is already a high volume of traffic on Low Moorgate and further development will also make this worse. The Parish Council strongly objects to the application.

21/00103/HOUSE – no objections have been received.

21/00245/FUL – no objections have been received.

Regards

Chris Adnitt

Clerk to Rillington Parish Council
