

## **APPENDIX D CONSULTATION QUESTIONS**

1. Is the proposal likely to improve local government and service delivery across each area? Specifically, is it likely to improve council services, will it give greater value for money, generate savings, provide stronger strategic and local leadership and create more sustainable structures?
2. Where it is proposed that services will be delivered on a different geographic footprint than currently, through some form of joint arrangements, is this likely to improve those services? Such services may for example be children's services, waste collection and disposal, adult health and social care, planning, and transport.
3. Is the proposal also likely to impact local public services delivered by others, such as police, fire and rescue, and health services?
4. Do you support the proposal from this council?
5. Do the unitary councils proposed by the councils represent a credible geography?
6. Do you have any other comments with regards to the proposed reorganisation of local government in each area?
