

Image 1 – view of trees from The Green, Low Sutton (May 2021). **Note G1 and T2 have since been removed.**

Image 2 (courtesy of Barnes Associates) - Similar to image 1, but shows T1 when it was in leaf 2020

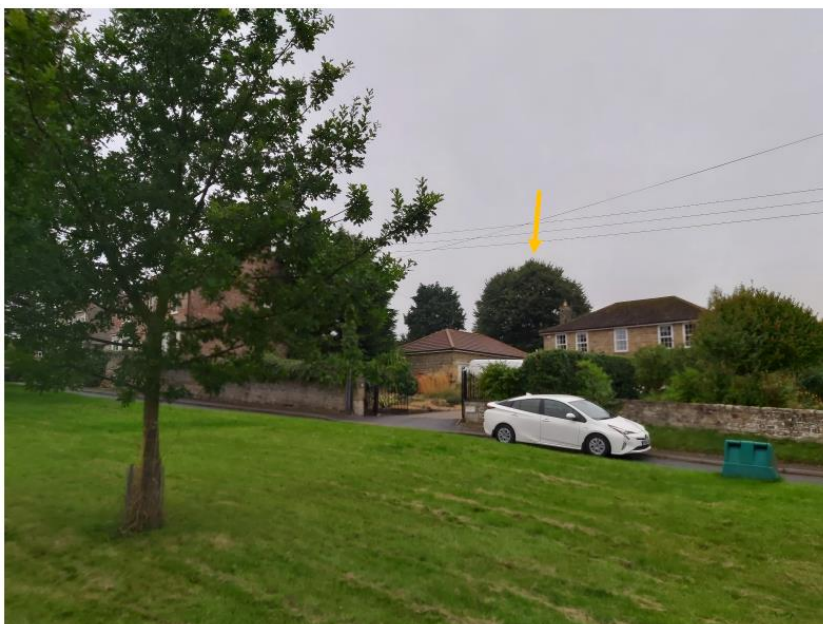

Image 3 - Streetview Image below from 2009 indicates that a large deciduous tree, a conifer to the rear of the garage and a conifer to the front of the property were removed by the previous owner. Since the provisional order was made in May 2021 G1 and T2 as seen in image 1 above have also been removed. i.e. **the only tree now still standing is T1.**
